

# Square Deal B Progressive Reloading Machine for Pistol Calibers - Dillon Square Deal B (SDB) Reloading Machine 357 Mag

[Reloading](#) > [Reloading Presses](#) > [Progressive Presses](#)

The Square Deal B is our most compact machine, it loads common straight walled handgun and carbine cartridges from 32 S&W Long through 45 Colt. Featuring an automatically indexed shellplate, it is intended to produce moderate quantities of match-quality handgun ammunition for the user who does not have a need to load bottle-necked cartridges. Dies are included and are factory adjusted to reduce your set up time.

# Safety Instruction Guide for Dillon Square Deal B Progressive Reloading Machine

## Introduction

Thank you for choosing the Dillon Square Deal B Progressive Reloading Machine for your reloading needs. This guide provides essential safety instructions and guidelines to ensure the safe and proper use of your reloading machine. Please read this document carefully before using the product.

## General Safety Guidelines

- Always read and understand the user manual before operating the reloading machine.
- Ensure that the reloading machine is used in a well-ventilated area.
- Keep the reloading machine out of reach of children and pets.
- Wear appropriate safety gear, including safety glasses and hearing protection, while operating the machine.
- Regularly inspect the machine for any signs of wear or damage.
- Do not modify the machine in any way that could compromise its safety or performance.
- Follow all local laws and regulations related to ammunition reloading.

## Specific Safety Precautions for Use

- Ensure that all components are properly secured before starting the reloading process.
- Do not overload the machine; adhere to the manufacturer's recommended loading capacities.
- Avoid distractions while operating the machine to maintain focus and concentration.
- Never leave the machine unattended while it is in operation.
- Do not attempt to reload ammunition if you are under the influence of drugs or alcohol.
- Be cautious when handling gunpowder and primers, as they can be hazardous materials.
- Store all reloading components in a safe and secure location, away from heat sources or open flames.

## Instructions for Installation and Usage

### 1. Installation

- Place the Dillon Square Deal B on a stable and level surface.
- Ensure that the machine is securely fastened to the surface to prevent movement during operation.
- Follow the manufacturer's guidelines for setting up the machine and installing the dies.

### 2. Usage

- Before starting, ensure that you have all necessary materials, including brass cases, primers, powder, and projectiles.
- Adjust the dies according to the manufacturer's instructions to ensure proper seating and crimping of the ammunition.
- Load the primer tray and ensure that it is functioning correctly before beginning the reloading process.
- Start the reloading process by following the stepbystep instructions provided in the user manual.
- Monitor the reloading process closely to ensure consistent quality and safety.
- After reloading, inspect each round for defects before storing or using.

## **Disposal Instructions**

- Dispose of any unused or expired reloading materials in accordance with local regulations.
- Do not dispose of gunpowder or primers in regular trash. Contact local authorities for proper disposal methods.
- Recycle any metal components where possible, following local recycling guidelines.

## **Contact Information for Further Support**

For safety inquiries or additional support, please refer to the contact details provided in the product manual or visit the manufacturer's website.

Thank you for prioritizing safety while using the Dillon Square Deal B Progressive Reloading Machine. By following these guidelines, you help ensure a safe reloading experience.
