

SL900 Accessories - Dillon Casefeeder SL 900 Shotshell Reloader 12 Gauge 220v

[Reloading](#) > [Reloading Presses](#) > [Shotshell Presses](#)

Electric Case Feed System allows you to simply dump about 80 fired hulls into the bowl. The Case Feeder orients the hulls right side up and fills the feed tube automatically, turning itself on and off as necessary, to keep the case feed tube full.

Dillon SL900 Accessories Safety Instruction Guide

Introduction

Thank you for choosing the Dillon SL900 Casefeeder. This guide provides essential safety instructions to ensure the safe use of your Dillon Casefeeder SL 900 Shotgun Reloader. Please read this guide thoroughly before using the product to understand its features and safety precautions.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose as described in this manual.
- Always keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of wear or damage before use.
- Do not operate the product if it appears to be damaged or malfunctioning.
- Follow all local regulations and guidelines regarding the use of reloading equipment.
- Report any unsafe products or accidents to the relevant authorities.
- Stay informed about product recalls and safety updates through the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Always wear appropriate personal protective equipment (PPE) such as safety glasses and gloves while operating the reloader.
- Ensure that the work area is clean, dry, and free of any obstructions.
- Do not overload the case feeder beyond its specified capacity.
- Avoid placing your hands or any part of your body near moving parts during operation.
- Disconnect the power supply before performing any maintenance or cleaning tasks.
- Be cautious of electrical hazards; ensure that the product is properly grounded and that the power supply matches the product specifications.
- Do not use the product in wet or damp conditions.

Instructions for Installation and Usage

Installation

1. **Unpack the Product:** Carefully remove the Dillon Casefeeder from the packaging and inspect for any damage.
2. **Choose a Suitable Location:** Place the unit on a stable, flat surface away from moisture and heat sources.
3. **Connect the Power Supply:** Ensure that the power supply matches the product specifications (220V). Plug the unit into a properly grounded outlet.

Usage

1. **Loading Hulls:**
 - Dump approximately 80 fired hulls into the feeding bowl.
 - Ensure that the hulls are clean and free from debris.
2. **Operating the Case Feeder:**
 - The Case Feeder will automatically orient the hulls right side up and fill the feed tube.
 - The unit will turn on and off as necessary to maintain a full feed tube.
3. **Monitoring Operation:**

- Regularly check the feed tube to ensure it is filled and functioning correctly.
- If the unit stops working, check for any obstructions or malfunctions.

4. Powering Down:

- After use, turn off the unit and unplug it from the power supply before cleaning or maintenance.

Disposal Instructions

- Dispose of the product in accordance with local regulations for electrical and electronic equipment.
- Do not dispose of the product in regular household waste.
- Consider recycling options available in your area to minimize environmental impact.

Contact Information for Further Support

For further assistance or inquiries regarding the Dillon SL900 Casefeeder, please refer to the manufacturer's contact details provided with the product packaging.
