# Dillon RL550 Accessories Maintenance Kit Safety Instructions

## Introduction

Thank you for choosing the Dillon RL550 Accessories Maintenance Kit. This kit is designed to help you maintain your Dillon Precision reloader effectively. Regular cleaning and maintenance are essential to ensure safe operation and peak performance of your reloader. Please read and follow these safety instructions carefully to prevent accidents and ensure the longevity of your equipment.

## General Safety Guidelines

- Always read the product manual before using the Dillon RL550 reloader and accessories.
- Keep the maintenance kit out of reach of children and vulnerable individuals.
- Ensure that the work area is clean, organized, and welllit to prevent accidents.
- Use personal protective equipment (PPE) such as gloves and safety glasses when handling lubricants and cleaning supplies.
- Regularly inspect your equipment for wear and tear. Replace any damaged parts immediately.
- Report any unsafe products or incidents to the relevant authorities.

## Specific Safety Precautions for Use

- Avoid using the maintenance kit on a hot or running machine to prevent burns or injuries.
- Use compressed air in a wellventilated area to avoid inhaling dust or debris.
- Do not point the compressed air nozzle at yourself or others when cleaning.
- Only use the lubricating grease syringe as directed; do not overlubricate parts.
- Store all cleaning supplies and lubricants in a cool, dry place away from direct sunlight and heat sources.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure the Dillon RL550 reloader is unplugged and cool to the touch.
- Gather all items from the maintenance kit: RL 550 spare parts kit, compressed air, pipe cleaners, lubricating grease syringe, and nylon brush.

### 2. Cleaning the Reloader:

- Use the nylon brush to remove dirt and debris from the surface of the reloader.
- For hardto reach areas, use pipe cleaners to clean small parts and crevices.
- Use compressed air to blow away any remaining dust or debris.

### 3. Lubrication:

- Fill the lubricating grease syringe with the appropriate lubricant.
- Apply a small amount of lubricant to moving parts as indicated in the product manual.
- Avoid excessive lubrication to prevent attracting dirt and debris.

### 4. Replacing Spare Parts:

- Refer to the RL 550 spare parts kit for any replacement parts needed.
- Follow the product manual for instructions on replacing specific parts.
- Ensure all parts are securely fastened before using the reloader again.

## 5. Final Checks:

- After maintenance, ensure that all tools and cleaning supplies are removed from the work area.
- Plug in the reloader and perform a function check to ensure it operates correctly.

## Disposal Instructions

- Dispose of any used cleaning materials and lubricants in accordance with local regulations.
- Do not dispose of the maintenance kit components in regular household waste.
- Check with your local waste management facility for proper disposal methods for hazardous materials.

## Contact Information for Further Support

For any safety inquiries or further assistance regarding the Dillon RL550 Accessories Maintenance Kit, please refer to the manufacturer's contact information provided in the product manual.

By following these safety instructions, you can ensure a safe and effective maintenance experience for your Dillon Precision reloader. Thank you for prioritizing safety and compliance with the EU General Product Safety Regulation.
