

# ACC Chassis System Kit Howa 1500 - MDT ACC Chassis System Howa 1500 SA RH Bronze

[Rifle Parts](#) > [Stock Parts](#) > [Rifle Stocks](#)

The rifle (system) and scope shown in the picture are not for sale and are not included. Only the chassis is included in the delivery.

The ACC (Adjustable Core Competition) Chassis was created with an integrated weight management system, allowing shooters to fine tune the weight and balance point of the rifle. The adjustability comes from a series of weights that can be added to either the buttstock, interior forend or exterior forend. It's original weight of 2,7 kg transforms into a maximum of 5,6 kg (chassis only - add on your action, barrel, scope and accessories and most shooters are pushing 12-14 kg in the ACC).

NO IMAGE  
AVAILABLE

- 17" of available ARCA/RRS dovetail, with retention screw so that accessories don't fall off mid-stage.
- Comes with the MDT Elite Grip.
- Uses MDT's proprietary XTN buttstock interface (adjustable stock included).
- Compatible with AICS style magazines (sold separately).
- Interior forend weights, exterior M-Lok weights and buttstock weights available.

# MDT ACC Chassis System Kit Safety Instructions

## Introduction

Thank you for choosing the MDT ACC Chassis System Kit for the Howa 1500. This product is designed to enhance your shooting experience while ensuring safety and performance. Please read this safety instruction guide carefully to understand how to use your product safely and effectively.

## General Safety Guidelines

- Always handle firearms and related accessories with care. Treat every firearm as if it is loaded.
- Ensure that the product is used in accordance with local laws and regulations.
- Keep the product out of reach of children and unauthorized users.
- Regularly inspect the chassis system for any signs of wear or damage before each use.
- Follow all manufacturer instructions for assembly, usage, and maintenance.
- Report any unsafe conditions or accidents to the relevant authorities immediately.
- Check for recall updates on the EU's Safety Gate platform to stay informed about product safety.

## Specific Safety Precautions for Use

- Ensure that the weight management system is properly adjusted before use. Improper weight distribution can affect balance and handling.
- Always secure accessories to the ARCA/RRS dovetail with the retention screw to prevent them from falling off during use.
- Use only compatible AICS style magazines with this chassis system to avoid malfunctions.
- Do not exceed the maximum weight limit of 5.6 kg for the chassis alone, as exceeding this limit may compromise safety and performance.
- Use the MDT Elite Grip as intended. Improper use may lead to loss of control during handling.
- Be aware of your surroundings and ensure a safe shooting environment at all times.

## Instructions for Installation and Usage

### 1. Installation of the Chassis:

- Begin by ensuring that the rifle action is clear and the firearm is unloaded.
- Remove the existing stock from the Howa 1500 action according to the manufacturer's instructions.
- Align the rifle action with the MDT ACC chassis and secure it using the provided screws.
- Ensure that the action is firmly seated in the chassis and that all screws are tightened to the manufacturer's specifications.

### 2. Adjusting the Weight Management System:

- Determine your desired balance point and weight for optimal performance.
- Add or remove weights from the buttstock, interior forend, or exterior forend as needed.
- Ensure that all weights are securely attached to prevent movement during use.

### 3. Using the MDT Elite Grip:

- Hold the grip firmly while aiming and shooting to maintain control of the rifle.
- Adjust your grip as necessary to ensure comfort and stability.

### 4. Compatibility with Accessories:

- Attach any accessories to the ARCA/RRS dovetail using the retention screw.
- Ensure that all accessories are compatible with the MDT ACC chassis to avoid safety hazards.

#### **5. PostUse Maintenance:**

- Clean the chassis system after each use to ensure longevity and performance.
- Inspect all components for wear and damage regularly.

## **Disposal Instructions**

- Dispose of the product and any associated materials in accordance with local regulations.
- Do not dispose of the product in household waste. Check for designated recycling facilities or programs for firearms accessories.
- Ensure that any weights or components that are no longer in use are disposed of safely to prevent accidents.

## **Contact Information for Further Support**

For any inquiries regarding safety, installation, or maintenance, please refer to the manufacturer's website or contact their customer support team. Always ensure that you have the latest information regarding product recalls and safety updates.

By following these safety instructions, you can help ensure a safe and enjoyable shooting experience with your MDT ACC Chassis System Kit for the Howa 1500. Thank you for prioritizing safety and responsible usage.
