

# ACC Chassis System Kit Howa 1500 - MDT ACC Chassis System Howa 1500 SA RH White

[Rifle Parts](#) > [Stock Parts](#) > [Rifle Stocks](#)

The rifle (system) and scope shown in the picture are not for sale and are not included. Only the chassis is included in the delivery.

The ACC (Adjustable Core Competition) Chassis was created with an integrated weight management system, allowing shooters to fine tune the weight and balance point of the rifle. The adjustability comes from a series of weights that can be added to either the buttstock, interior forend or exterior forend. Its original weight of 2,7 kg transforms into a maximum of 5,6 kg (chassis only - add on your action, barrel, scope and accessories and most shooters are pushing 12-14 kg in the ACC).

NO IMAGE  
AVAILABLE

- 17" of available ARCA/RRS dovetail, with retention screw so that accessories don't fall off mid-stage.
- Comes with the MDT Elite Grip.
- Uses MDT's proprietary XTN buttstock interface (adjustable stock included).
- Compatible with AICS style magazines (sold separately).
- Interior forend weights, exterior M-Lok weights and buttstock weights available.

# MDT ACC Chassis System Kit Howa 1500 Safety Instructions

## Introduction

Thank you for choosing the MDT ACC Chassis System Kit for your Howa 1500 rifle. This guide provides important safety information and instructions to ensure the safe use of this product. Please read this manual thoroughly before installation and use.

## General Safety Guidelines

- Ensure that all users are familiar with the operation and safety features of the rifle and chassis system.
- Always handle firearms with care and assume they are loaded until verified otherwise.
- Store the chassis system and associated firearms in a secure location, out of reach of children and unauthorized users.
- Regularly inspect the chassis system for any signs of wear or damage.
- Follow all local laws and regulations regarding firearm ownership and usage.

## Specific Safety Precautions for Use

- Use only compatible components with the MDT ACC Chassis System to avoid malfunctions.
- Never exceed the maximum weight limit of 5.6 kg for the chassis alone, as exceeding this may affect balance and control.
- Ensure that all weights are securely attached before use to prevent accidents during operation.
- Be cautious when adjusting weights, as improper handling may lead to injury.
- Always wear appropriate safety gear, including eye protection, when using firearms.
- Keep the area clear of bystanders during use to ensure their safety.

## Instructions for Installation and Usage

### 1. Installation:

- Carefully unpack the MDT ACC Chassis System Kit and check for all included components.
- Ensure the rifle is unloaded and pointed in a safe direction before beginning installation.
- Align the rifle action with the chassis system and secure it using the provided screws.
- Attach the MDT Elite Grip to the chassis as per the included instructions.
- Install the adjustable stock using the MDT proprietary XTN buttstock interface.
- Add weights to the buttstock, interior forend, or exterior forend as needed to achieve desired balance.

### 2. Usage:

- Before firing, ensure all accessories are securely attached and that the rifle is in a safe condition.
- Adjust the weight distribution as necessary for comfort and performance.
- Always check the stability of the chassis system before each use.
- Follow standard firearm safety practices at all times during operation.

## Disposal Instructions

- Dispose of the MDT ACC Chassis System Kit in accordance with local regulations.
- Consider recycling materials where possible, such as aluminum components.
- Ensure that any firearm parts are disposed of safely and in compliance with applicable laws.

## Contact Information for Further Support

For any inquiries regarding safety or product support, please consult the manufacturer's website or contact their customer service. Ensure that you have the product details ready for reference.

By following these safety instructions, you can ensure a safe and enjoyable experience with your MDT ACC Chassis System Kit. Always prioritize safety and responsible firearm handling.
