Safety Instructions for Shock KIT Coyote

Introduction

Thank you for choosing the Shock KIT Coyote. This multipurpose elastic cord is designed to help secure various items to your equipment, such as radio antennas, tourniquets, clothing, and more. To ensure your safety and the proper use of this product, please read and follow the safety instructions provided in this guide.

General Safety Guidelines

- Always inspect the Shock KIT before use for any signs of wear or damage.
- Do not use the Shock KIT for any purpose other than securing items as intended.
- Keep the Shock KIT out of reach of children to prevent accidental use or injury.
- If the Shock KIT becomes damaged or shows signs of excessive wear, discontinue use immediately.
- Report any unsafe conditions or incidents to the appropriate authorities.

Specific Safety Precautions for Use

- Ensure that the items you are securing with the Shock KIT are compatible and will not cause the cord to snap or break.
- Avoid using the Shock KIT in extreme temperatures or conditions that may affect its elasticity and strength.
- Do not stretch the cord beyond its intended length, as this may cause it to fail.
- Use caution when releasing the cord, as it may snap back and cause injury.
- Always follow the manufacturer's guidelines for load limits and usage recommendations.

Instructions for Installation and Usage

1. Prepare the Items for Securing

- Gather the items you wish to secure with the Shock KIT.
- Ensure that the items are clean and free from sharp edges that could damage the cord.

2. Attaching the Shock KIT

- Take one end of the elastic cord and loop it around the item you wish to secure.
- Use the CordLock to secure the cord in place by sliding it to the desired tightness.
- Ensure that the cord is snug but not overly tight to avoid damaging the item.

3. Securing Multiple Items

- If securing multiple items, ensure that each item is adequately supported and does not interfere with one another.
- Repeat the attachment process for each item, using the CordLock for each securement.

4. Final Checks

- Before use, doublecheck that all items are securely fastened and that the cord is not frayed or damaged.
- Ensure that the cord does not obstruct your movement or pose a hazard during use.

Disposal Instructions

- Dispose of the Shock KIT in accordance with local waste disposal regulations.

- Do not incinerate the Shock KIT, as it may release harmful substances.
- If the product is no longer usable, consider recycling the materials if applicable.

Contact Information for Further Support

For any questions or concerns regarding the Shock KIT Coyote, please refer to the manufacturer's contact information provided on the packaging or product insert.
