# SPECIAL PIE Wireless LED Display Safety Instructions

## Introduction

Thank you for choosing the SPECIAL PIE Wireless LED Display. This product is designed to enhance your timing and shots display experience. To ensure your safety and the optimal performance of the device, please read and follow these safety instructions carefully.

## General Safety Guidelines

- Always use the product in accordance with the instructions provided in this manual.
- Ensure that the product is suitable for the intended environment (indoor or outdoor use).
- Keep the product out of reach of children to prevent accidental injury.
- Regularly inspect the product for any signs of damage or wear before use.
- If the product is damaged or malfunctions, discontinue use immediately and seek assistance.
- Report any unsafe conditions or incidents to the relevant authorities.

## Specific Safety Precautions for Use

- **Electrical Safety:** Ensure that the product is used with compatible power sources. Avoid using damaged power cords or plugs.
- **Installation Safety:** When mounting the display, ensure that it is securely fastened to prevent it from falling.
- **Weather Conditions:** Do not use the product in extreme weather conditions, such as heavy rain or strong winds, unless specified as weatherproof.
- **Viewing Distance:** Maintain a safe distance from the display to avoid eye strain or discomfort.
- **Avoid Overheating:** Do not cover the display during operation, as this may cause overheating.
- **Battery Safety:** If the product uses batteries, ensure they are installed correctly and do not mix old and new batteries.

## Instructions for Installation and Usage

1. **Unboxing:** Carefully remove the display from its packaging. Check for all components listed in the manual.
2. **Power Connection:** Connect the display to the appropriate power source or ensure the batteries are properly installed.
3. **Placement:**
  - For ground placement, ensure the surface is stable and level.
  - If mounting on a tripod, ensure it is securely attached and stable.
  - For wall hanging, use appropriate wall anchors and ensure the display is securely fastened.
4. **Connecting to Timer:** Follow the manufacturer's instructions to connect the display to the Special Pie Shot Timer wirelessly.
5. **Testing:** Before use, perform a test to ensure the display is functioning correctly.
6. **Usage:** Once set up, use the display to show timing and shots as intended. Regularly check for any issues during operation.

## Disposal Instructions

- Dispose of the product in accordance with local regulations for electronic waste.
- Do not dispose of the product with regular household waste.
- Remove batteries before disposal and recycle them according to local guidelines.

## **Contact Information for Further Support**

For any inquiries or support related to the SPECIAL PIE Wireless LED Display, please contact the manufacturer directly through the provided contact details in the product packaging or manual.

By following these safety instructions, you can ensure a safe and enjoyable experience with your SPECIAL PIE Wireless LED Display. Thank you for your attention to safety!
