# Country Sticker Safety Instructions

## Introduction

Thank you for choosing the Country Sticker Austria from Brownells Europe. This guide provides important safety information to ensure the safe use of your sticker. By following these guidelines, you can enjoy your product while minimizing risks.

## General Safety Guidelines

- Always inspect the sticker before use for any signs of damage or defects.
- Ensure that the surface where you apply the sticker is clean and dry to promote adhesion.
- Keep the sticker away from children under the age of 3 to avoid potential choking hazards.
- Do not apply the sticker to surfaces that are hot or exposed to direct sunlight for extended periods, as this may affect its durability.
- If you notice any irritation or allergic reaction after using the sticker, discontinue use immediately and consult a medical professional.

## Specific Safety Precautions for Use

- **Surface Compatibility:** Ensure that the sticker is applied to a suitable surface (e.g., metal, plastic, or glass). Avoid porous or uneven surfaces that may not allow proper adhesion.
- **Removal:** When removing the sticker, do so gently to avoid damaging the surface underneath. Use a heat source, such as a hairdryer, to soften the adhesive if necessary.
- **Storage:** Store the sticker in a cool, dry place away from direct sunlight when not in use to maintain its quality.
- **Usage Environment:** Avoid using the sticker in environments with extreme temperatures or humidity, as this may affect its performance and longevity.

## Instructions for Installation and Usage

### 1. Preparation:

- Clean the surface where you plan to apply the sticker using soap and water. Ensure it is completely dry.
- Gather necessary tools: a clean cloth, a ruler (if needed for alignment), and a credit card or similar object for smoothing.

### 2. Application:

- Carefully peel the sticker from its backing, taking care not to touch the adhesive side.
- Align the sticker on the desired surface. Use a ruler for precise placement if necessary.
- Starting from one edge, press the sticker down onto the surface, smoothing out any air bubbles with a credit card or cloth as you go.
- Ensure the entire sticker is firmly adhered to the surface.

### 3. PostApplication:

- Allow the sticker to set for at least 24 hours before exposing it to water or extreme conditions.
- Regularly check the edges of the sticker to ensure it remains securely attached.

## Disposal Instructions

- Dispose of any unused or damaged stickers in accordance with local waste disposal regulations.
- Do not dispose of stickers in recycling bins unless specified by local guidelines.

## Contact Information for Further Support

For any safety inquiries or concerns regarding the Country Sticker Austria, please reach out to your local Brownells Europe representative or visit the official website for further assistance.

Thank you for your attention to these safety instructions, and enjoy showcasing your Brownells Europe pride with your new Country Sticker!
