

Rem700 Special - Left - Bolt release - Traditional Curved (Stainless)

[Rifle Parts](#) > [Triggers Parts](#) > [Triggers](#)

Material Details

1. Housing: 7075 Aluminum (anodized)
2. Key Components: 440C Stainless Steel
3. PVD Black - PVD stands for Physical Vapour Deposition. It is a hard and durable coating that is applied to external stainless components to give them a clean black color.

Description

The Rem 700 Special is an upgraded version of the Primary model which further enhances accuracy and precision on any Remington 700 model rifle. Due to the exceptionally crisp break, most shooters report the pull weights feeling ~0.5lbs lighter than a friction based trigger of the same measured weight. Just like the Primary model, this drop-in trigger provides a true zero-creep break, extremely short overtravel and offers outstanding reliability, even in the harshest environments. Frictionless Release Technology™, along with hardened 440C stainless steel internal components ensure corrosion resistance and an extended service life. As Frictionless Release Technology™ does not rely on coating, polishing or lubricating the key engagement surfaces, trigger pulls will be more consistent from shot to shot and after thousands of shots more than you ever thought possible.

TRIGGERTECH REM700 SPECIAL LEFT BOLT RELEASE TRIGGER Safety Instruction Guide

Introduction

Thank you for choosing the TRIGGERTECH Rem700 Special Left Bolt Release Trigger. This guide provides important safety instructions and guidelines to ensure the safe use of your trigger. Please read this manual carefully before installation and use.

General Safety Guidelines

- Ensure that the trigger is only used with compatible Remington 700 model rifles.
- Always treat your firearm as if it is loaded, even when you believe it is not.
- Keep the trigger and all firearm components out of reach of children and unauthorized users.
- Regularly inspect the trigger and rifle for any signs of damage or wear.
- In case of any malfunction, do not attempt to repair the trigger yourself. Seek professional assistance.

Specific Safety Precautions for Use

- Do not use the trigger if it appears damaged or if the safety features are not functioning correctly.
- Always follow safe handling practices when using firearms, including keeping the muzzle pointed in a safe direction.
- Ensure that the trigger is properly installed by a qualified gunsmith if you are not experienced with firearm modifications.
- Avoid using the trigger in extreme weather conditions that may affect its performance, such as heavy rain or snow.
- Use only factorymanufactured ammunition that meets the specifications for your Remington 700 model rifle.

Instructions for Installation and Usage

1. Installation:

- Ensure the firearm is unloaded and the safety is engaged before beginning installation.
- Remove the existing trigger from the firearm according to the manufacturer's instructions.
- Carefully install the TRIGGERTECH Rem700 Special trigger, ensuring all components are properly aligned.
- Secure all screws and components according to the torque specifications provided in the manufacturer's manual.
- Test the trigger function without ammunition to ensure proper installation.

2. Usage:

- Before using your firearm with the new trigger, perform a function check to ensure it operates correctly.
- Familiarize yourself with the trigger's pull weight and breaking point to enhance your shooting experience.
- Maintain a proper shooting stance and grip when using the firearm to ensure control and accuracy.
- Always be aware of your surroundings and ensure a clear line of sight before taking a shot.

Disposal Instructions

- Dispose of the trigger in accordance with local regulations regarding electronic and metal waste.
- Do not dispose of the trigger in regular household waste.
- Contact your local waste management authority for guidance on proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the TRIGGERTECH Rem700 Special trigger, please refer to the manufacturer's website or contact their customer support team directly.

Thank you for prioritizing safety and compliance while using the TRIGGERTECH Rem700 Special Left Bolt Release Trigger. Your adherence to these guidelines will help ensure a safe and enjoyable shooting experience.
