

# Timbr Chassis - Frontier - REM 700 - SA - RH - GMC

[Rifle Parts](#) > [Stock Parts](#) > [Rifle Stocks](#)

The MDT Timbr Frontier has been developed to provide the look and feel of a traditional stock while incorporating the precision and repeatability of the modern V-Block bedding from a chassis. The buttstock and forend are made of Birch hardwood laminate giving every stock a unique wood grain and warm feel. They are then finished with a high-quality clearcoat and attached to the aluminum micro chassis and bottom metal.

This is a new generation of wood stocks with a fully tool-less adjustable Length of pull, cheek riser height and interchangeable rubber over-molded grips to fit you and your style of shooting. At just 4lb the Frontier allows you to use it for anything from hunting to target shooting with the ability to add accessories to the M-LOK forend and buttstock. The stock uses standard AICS pattern magazines and has an easy to manipulate ambidextrous magazine latch.

# Timbr Chassis Frontier Safety Instruction Guide

## Introduction

Thank you for choosing the MDT Timbr Chassis Frontier. This guide provides essential safety instructions to ensure the safe use and maintenance of your product. Please read this guide carefully before using the chassis.

## General Safety Guidelines

- Ensure that the product is assembled correctly according to the installation instructions.
- Always handle the chassis with care to prevent damage or injury.
- Store the chassis in a safe place, away from children and unauthorized users.
- Regularly inspect the chassis for any signs of wear or damage.
- Follow all local laws and regulations regarding the use of firearms and firearm accessories.

## Specific Safety Precautions for Use

- Always treat the chassis as if it is loaded, even if you believe it is not.
- Keep your finger off the trigger until you are ready to shoot.
- Ensure that the firearm is pointed in a safe direction at all times.
- Use appropriate eye and ear protection when shooting.
- Do not modify the chassis or any of its components without proper guidance.
- Avoid using the chassis in adverse weather conditions that may affect its performance.

## Instructions for Installation and Usage

### 1. Installation

- Ensure that you have all components of the chassis before starting the installation.
- Follow the manufacturer's instructions for attaching the buttstock and forend to the aluminum micro chassis.
- Use appropriate tools as specified in the installation guide.
- Adjust the Length of pull and cheek riser height to fit your body size and shooting style.
- Attach any rubber overmolded grips as desired.

### 2. Usage

- Load the firearm using standard AICS pattern magazines.
- Ensure that the magazine latch is functioning properly for smooth operation.
- When using accessories, ensure they are compatible with the MLOK forend and buttstock.
- Maintain a stable shooting position and ensure proper alignment before firing.

## Disposal Instructions

- Dispose of the chassis in accordance with local regulations.
- Do not dispose of the chassis in regular household waste.
- If the chassis is damaged beyond repair, consider recycling materials where possible.

## Contact Information for Further Support

For any inquiries or concerns regarding the safety and use of the MDT Timbr Chassis Frontier, please refer to the manufacturer's contact information provided in the product packaging or on the official website.

## Conclusion

By following these safety instructions, you can ensure a safe and enjoyable experience with your MDT Timbr Chassis Frontier. Always prioritize safety in all aspects of firearm handling and usage. Thank you for your attention to these important guidelines.
