

## Rails - Rem 700 - MDT - Rails - 50 MOA - Rem 700 LA

[Rifle Parts](#) > [Forend & Handguard Parts](#) > [Handguard & Rail Accessories](#) > [Accessory Rails](#)

MDT's Scope Base Picatinny Rails are a precise and reliable solution when it comes to mounting a scope on your bolt action rifle.

MDT's Scope Base Picatinny Rails are designed to make the mounting of your optics easier. They are machined from 6061-T6 aluminum, then hard-anodized black for a durable finish. The underside of the rails are profiled to allow the rail to be mounted flush on the receiver and to match the geometry of the ejection port. These rails are designed with a 30 MOA incline providing additional elevation adjustment from your scope\*. A recoil lug has been integrated in the underside rail profile on models where the action's design allows for this feature.

# Safety Instruction Guide for MDT Rails Rem 700

## Introduction

Thank you for choosing the MDT Scope Base Picatinny Rails for your Remington 700 rifle. This guide provides important safety information and instructions to ensure the proper use and installation of your product. Adhering to these guidelines will help you achieve the best performance while maintaining safety.

## General Safety Guidelines

- Always ensure that the rifle is unloaded before attempting to install or adjust the scope rails.
- Use the product only for its intended purpose, which is to mount a scope on your bolt action rifle.
- Inspect the product for any damage before use. Do not use if any part is damaged or missing.
- Keep the product out of reach of children and unauthorized users.
- Be aware of your surroundings when using the firearm to prevent accidents.
- Report any unsafe products or accidents to the relevant authorities.
- Regularly check for recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Ensure that the mounting surface of the rifle receiver is clean and free of debris before installation.
- Do not exceed the manufacturer's recommended torque specifications when tightening the screws.
- Always verify that the scope is securely mounted before use.
- Be cautious of the recoil when firing, as it may affect the alignment of the scope.
- If you experience any issues with the product, discontinue use immediately and seek assistance.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools, including a torque wrench, screwdriver, and any additional mounting hardware provided.
- Ensure the rifle is unloaded and placed on a stable surface.

### 2. Installation Steps:

- Remove any existing scope mounts from the rifle receiver.
- Clean the area where the Picatinny rail will be mounted to ensure a secure fit.
- Align the MDT Scope Base Picatinny Rail with the mounting holes on the receiver.
- Insert the screws provided with the rail into the mounting holes.
- Using a torque wrench, tighten the screws to the manufacturer's recommended specifications. Avoid overtightening, as this may damage the rail or the receiver.
- Once installed, check the alignment of the rail and ensure it is securely attached.

### 3. Usage:

- After installation, mount your scope onto the Picatinny rail following the manufacturer's instructions for the scope.
- Ensure the scope is properly aligned and securely fastened.
- Perform a function check to confirm that the scope is stable and does not shift during use.

## **Disposal Instructions**

- Dispose of the product in accordance with local regulations regarding aluminum and other materials.
- Do not dispose of the product in household waste. Instead, take it to a recycling facility that accepts aluminum or firearm accessories.

## **Contact Information for Further Support**

For any questions or concerns regarding the MDT Scope Base Picatinny Rails, please refer to the manufacturer's website or customer service for assistance. Ensure you have the product details ready for a quicker response.

By following these guidelines, you can ensure a safe and effective experience with your MDT Scope Base Picatinny Rails. Always prioritize safety and proper handling practices when using firearms and their accessories.
