

Tru Dot FIXED PISTOL SET GLOCK 26 - Tru Dot FIXED PISTOL SET GLOCK 26,27 G/Y

[Handgun Parts](#) > [Sights](#) > [Sight Sets](#)

MEPROLIGHT® combat-proven self-illuminated night sights enable you to upgrade your capabilities to hit stationary or moving targets under low-light conditions with dramatically increased hit probability. Test results by marksmen and journeymen level shooters have shown an increase of over 85% in hit efficiency, using Meprolight® self-illuminated day/night sights. TRU-DOT® models offer a handgun sighting system for improved rapid instinctive aiming which requires no transition from day to night use. Day and night, the shooter's aiming reference is three solid dots, identical in appearance and location under all light conditions. Designed as replacement parts for the standard weapon sights, Meprolight's Self-Illuminated night sights can be mounted directly with minor modifications. Superior production methods and rigid quality control have made Meprolight® the first choice among law enforcement agencies, defense decision-makers, and major weapon manufacturers. A full quality program, certified to ISO-9001:2008 and complying with NATO and US Military Specifications is in place. All products and processes at Meprolight® are performed, controlled, and monitored to these demanding quality levels. Meprolight® leads the world in OEM and after-market self-illuminated sights for handguns. Designed to replace the existing front and rear sights, the highly visible Tru-Dot® sights are perfect for daylight, low-light, and nighttime conditions. Meprolight® is Responding to users needs, our TRU-DOT® models are available in various tritium dots color on the rear sight : Green, Yellow, Orange (Yellow or Orange for selected models only) and green tritium dot on the front sight .

Tru Dot FIXED PISTOL SET GLOCK 26 Safety Instruction Guide

Introduction

Thank you for choosing the Tru Dot FIXED PISTOL SET for your Glock 26 or Glock 27. Your safety and satisfaction are our top priorities. This guide provides essential safety instructions, installation tips, and usage guidelines to ensure the safe operation of your new sights. Please read and follow these instructions carefully.

General Safety Guidelines

- Ensure that the firearm is unloaded before installing or adjusting the sights.
- Always treat your firearm as if it is loaded, even if you believe it to be unloaded.
- Keep the Tru Dot sights away from children and unauthorized users.
- Be aware of your surroundings and ensure a safe shooting environment.
- Check local laws and regulations regarding the use of firearm accessories.
- Regularly inspect the sights for any signs of damage or wear.

Specific Safety Precautions for Use

- Do not use the sights in combination with other incompatible accessories.
- Ensure proper alignment of the sights before use to avoid misfires or accidents.
- Avoid exposing the sights to extreme temperatures or harsh chemicals that may affect their performance.
- If you notice any irregularities during use, cease operation immediately and consult a professional.
- Always wear appropriate eye and ear protection when using your firearm.

Instructions for Installation and Usage

Installation

1. **Preparation:** Ensure your firearm is unloaded and in a safe condition.
2. **Remove Existing Sights:** Use a sight tool to carefully remove the existing front and rear sights from your Glock 26 or Glock 27.
3. **Install Front Sight:**
 - Align the Tru Dot front sight with the mounting slot.
 - Gently press or tap it into place using a nonmarring tool.
4. **Install Rear Sight:**
 - Align the Tru Dot rear sight with the mounting slot.
 - Press or tap it into place, ensuring it is securely fitted.
5. **Check Alignment:** After installation, check that both sights are aligned properly for optimal aiming.

Usage

- **Daytime Use:** The Tru Dot sights are designed for clear visibility in daylight conditions. Ensure that the sights are clean and unobstructed for best performance.
- **LowLight Conditions:** The selfilluminated tritium dots provide visibility in lowlight environments. Familiarize yourself with aiming using the sights in varying light conditions.
- **Nighttime Use:** The sights are designed for effective use at night. Practice aiming to ensure comfort and proficiency in low visibility situations.

Disposal Instructions

- Dispose of the Tru Dot sights in accordance with local regulations regarding electronic waste and firearm accessories.
- Do not dispose of the sights in regular household waste.
- Contact your local waste management facility for proper disposal methods.

Contact Information for Further Support

For any inquiries or concerns regarding the Tru Dot FIXED PISTOL SET, please refer to the product packaging for the manufacturer's contact information or visit the official website.

Conclusion

By following these safety instructions and guidelines, you can ensure the safe and effective use of your Tru Dot FIXED PISTOL SET. Always prioritize safety and stay informed about best practices for firearm usage. Thank you for your attention to these important safety measures.
