[Handgun Parts](#) > [Sights](#) > [Sight Sets](#)

MEPROLIGHT® combat-proven self-illuminated night sights enable you to upgrade your capabilities to hit stationary or moving targets under low-light conditions with dramatically increased hit probability. Test results by marksmen and journeymen level shooters have shown an increase of over 85% in hit efficiency, using Meprolight® self-illuminated day/night sights. TRU-DOT® models offer a handgun sighting system for improved rapid instinctive aiming which requires no transition from day to night use. Day and night, the shooter's aiming reference is three solid dots, identical in appearance and location under all light conditions. Designed as replacement parts for the standard weapon sights, Meprolight's Self-Illuminated night sights can be mounted directly with minor modifications. Superior production methods and rigid quality control have made Meprolight® the first choice among law enforcement agencies, defense decision-makers, and major weapon manufacturers. A full quality program, certified to ISO-9001:2008 and complying with NATO and US Military Specifications is in place. All products and processes at Meprolight® are performed, controlled, and monitored to these demanding quality levels. Meprolight® leads the world in OEM and after-market self-illuminated sights for handguns. Designed to replace the existing front and rear sights, the highly visible Tru-Dot® sights are perfect for daylight, low-light, and nighttime conditions. Meprolight® is Responding to users needs, our TRU-DOT® models are available in various tritium dots color on the rear sight : Green, Yellow, Orange (Yellow or Orange for selected models only) and green tritium dot on the front sight .

# Tru Dot Fixed Pistol Set Safety Instruction Guide

## Introduction

Thank you for choosing the Tru Dot Fixed Pistol Set for your H&K USP Compact. This guide provides essential safety instructions to ensure the safe and effective use of your product. Please read and understand these instructions before use.

## General Safety Guidelines

- Ensure that the firearm is unloaded before installing or adjusting the sights.
- Use the Tru Dot sights only for their intended purpose.
- Regularly inspect the sights for any signs of damage or wear.
- Store your firearm and sights in a secure location, out of reach of children and unauthorized users.
- Follow all local laws and regulations regarding firearm ownership and usage.

## Specific Safety Precautions for Use

- Do not attempt to modify or alter the sights in any way.
- Avoid exposing the sights to extreme temperatures or harsh chemicals that may affect their performance.
- Always practice safe handling procedures when using your firearm, including keeping the muzzle pointed in a safe direction.
- Be aware of your surroundings and ensure a clear line of sight before firing.
- If you notice any malfunction or unusual performance, cease use immediately and seek professional assistance.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure the firearm is unloaded.
- Remove the existing front and rear sights from the firearm.
- Align the Tru Dot sights with the mounting points on the firearm.
- Securely fasten the sights using the provided screws, ensuring they are tightened to the manufacturer's specifications.
- Conduct a visual inspection to confirm proper alignment and secure installation.

### 2. Usage:

- Familiarize yourself with the sighting system and practice aiming with the three solid dots.
- Adjust your aim based on the lighting conditions, as the Tru Dot sights are designed for both day and night use.
- Regularly practice shooting in various light conditions to become proficient with the sights.

## Disposal Instructions

- Dispose of the product in accordance with local regulations for electronic waste and hazardous materials.
- Do not throw the product in the regular trash.
- Contact local waste management authorities for guidance on proper disposal methods.

## **Contact Information for Further Support**
