

HYPER BRIGHT FIXED PISTOL SIG - HYPER BRIGHT FIXED PISTOL FRONT SIG 9MM/357/P SER (NOT 365XL) Y RING

[Handgun Parts](#) > [Sights](#) > [Sight Sets](#)

A total eclipse of conventional brightness. It's the world's brightest handgun sight in any light, with tritium specially formulated to give you industry-first brilliance from broad daylight to midnight. These self-illuminated, fixed tritium sights feature an extremely bright colored ring front sight in your choice of green, yellow, or orange, delivering supreme visibility as a night sight or day-night sight. Contrasting front and rear sight colors help shooters focus on the front sight quicker for faster target acquisition in all lighting conditions. Because you can't predict when everything will depend on your sight's visibility, you can count on Hyper-Bright™. Every time. HYPER-BRIGHT CONCEPT: The MEPRO Hyper-Bright™ fixed Day and Night Sights offer the most reliable illumination for day or night. Mepro Hyper-Bright™ fixed sights feature an extremely bright fluorescent contrast colored ring in green or orange for fast target acquisition in the daytime. The yellow ring option is the sole option with phosphorescent paint that charges with light and glows in lowlight conditions for a short time in conjunction with the tritium. As a result, both rear and front tritium sources appear green in lowlight and nighttime. ALWAYS ON: Premium grade green Swiss-made Tritium vials in the front and rear sights allow for low light and nighttime conditions. The U-notch shape on the rear naturally directs your eyes to the top of the Front sight. No batteries, no switches – always on, always ready 24/7 for 12 years. Maintenance-free can be mounted directly with no modifications. Direct factory replacement, recommend replacing as a set. HIGH DURABILITY: The MEPRO HYPER-BRIGHT™ are drop- and shockproof, built for endless rounds under heavy recoil, and made of steel. Its ultralight, snag-free design is easy to draw and gives you instinctive aiming under pressure. In addition, these sights are reliable in any weather conditions.

HYPER BRIGHT FIXED PISTOL Safety Instruction Guide

Introduction

Thank you for choosing the HYPER BRIGHT FIXED PISTOL sights by MEPROLIGHT. This guide provides essential safety instructions to ensure the safe use and maintenance of your product. Please read this document carefully before installation and usage.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Always handle firearms with care and follow the manufacturer's safety guidelines.
- Keep the product out of reach of children and unauthorized users.
- Regularly inspect the sights for any signs of damage or wear.
- If you notice any defects or issues, discontinue use immediately and consult a qualified professional.

Specific Safety Precautions for Use

- **Visibility:** The HYPER BRIGHT sights are designed to enhance visibility in various lighting conditions. However, always ensure that you are in a safe environment when using your firearm.
- **Installation:** Follow the installation instructions carefully to avoid improper mounting, which could lead to accidents.
- **Handling:** Always treat your firearm as if it is loaded. Keep your finger off the trigger until you are ready to shoot.
- **Environment:** Be aware of your surroundings and ensure that you have a clear line of sight before aiming or firing.
- **Maintenance:** Regularly clean and maintain your sights to ensure optimal performance. Do not attempt to modify the product.

Instructions for Installation and Usage

1. Installation:

- Ensure that your firearm is unloaded before beginning the installation.
- Remove any existing sights from your firearm.
- Align the HYPER BRIGHT sights with the mounting points on your firearm.
- Securely fasten the sights according to the manufacturer's specifications.
- Check that the sights are firmly attached and aligned properly.

2. Usage:

- When aiming, focus on the front sight to enhance target acquisition.
- Use the contrasting colors of the front and rear sights to improve visibility.
- Be aware that the sights are always on and do not require batteries or switches.
- Practice regularly to become proficient in using the sights effectively.

Disposal Instructions

- Dispose of the product in accordance with local regulations regarding electronic waste and hazardous materials.
- Do not throw the product in regular household waste.
- Contact your local waste management authority for guidance on proper disposal methods.

Contact Information for Further Support

For any inquiries regarding safety, product performance, or to report issues, please reach out to the designated support contact as provided by the retailer or manufacturer. You can also check for recall updates on the EU's Safety Gate platform.

By following these guidelines, you can ensure the safe and effective use of your HYPER BRIGHT FIXED PISTOL sights. Thank you for your attention to safety.
