

HYPER BRIGHT FIXED PISTOL SET KIMBER MICRO - HYPER BRIGHT FIXED PISTOL FRONT KIMBER MICRO/MICRO9 G RING

[Handgun Parts](#) > [Sights](#) > [Sight Sets](#)

A total eclipse of conventional brightness. It's the world's brightest handgun sight in any light, with tritium specially formulated to give you industry-first brilliance from broad daylight to midnight. These self-illuminated, fixed tritium sights feature an extremely bright colored ring front sight in your choice of green, yellow, or orange, delivering supreme visibility as a night sight or day-night sight. Contrasting front and rear sight colors help shooters focus on the front sight quicker for faster target acquisition in all lighting conditions. Because you can't predict when everything will depend on your sight's visibility, you can count on Hyper-Bright™. Every time. HYPER-BRIGHT CONCEPT: The MEPRO Hyper-Bright™ fixed Day and Night Sights offer the most reliable illumination for day or night. Mepro Hyper-Bright™ fixed sights feature an extremely bright fluorescent contrast colored ring in green or orange for fast target acquisition in the daytime. The yellow ring option is the sole option with phosphorescent paint that charges with light and glows in lowlight conditions for a short time in conjunction with the tritium. As a result, both rear and front tritium sources appear green in lowlight and nighttime. ALWAYS ON: Premium grade green Swiss-made Tritium vials in the front and rear sights allow for low light and nighttime conditions. The U-notch shape on the rear naturally directs your eyes to the top of the Front sight. No batteries, no switches - always on, always ready 24/7 for 12 years. Maintenance-free can be mounted directly with no modifications. Direct factory replacement, recommend replacing as a set. HIGH DURABILITY: The MEPRO HYPER-BRIGHT™ are drop- and shockproof, built for endless rounds under heavy recoil, and made of steel. Its ultralight, snag-free design is easy to draw and gives you instinctive aiming under pressure. In addition, these sights are reliable in any weather conditions.

Safety Instruction Guide for HYPER BRIGHT FIXED PISTOL SET KIMBER MICRO

Introduction

Thank you for choosing the HYPER BRIGHT FIXED PISTOL SET KIMBER MICRO. This guide provides important safety instructions to ensure the safe and effective use of your product. Please read this guide carefully before using the product.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Always handle the pistol set with care and in accordance with local laws and regulations.
- Keep the product out of reach of children and unauthorized users.
- Regularly inspect the sights for any signs of damage or wear.
- Report any unsafe conditions or incidents to the appropriate authorities.
- Stay informed about product recalls and safety updates through the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Always ensure that your firearm is unloaded when installing or adjusting the sights.
- Use the HYPER BRIGHT FIXED PISTOL SIGHT only in conditions for which it is designed.
- Avoid exposing the sights to extreme temperatures or harsh chemicals that may affect their performance.
- Do not attempt to modify or repair the sights. Seek professional assistance if needed.
- Be aware that the brightness of the tritium may diminish over time; replace the sights as recommended.

Instructions for Installation and Usage

Installation

1. **Preparation:** Ensure the firearm is unloaded and pointed in a safe direction.
2. **Remove Old Sights:** If applicable, carefully remove any existing sights using appropriate tools.
3. **Align New Sights:** Position the HYPER BRIGHT FIXED PISTOL SIGHT on the firearm, ensuring proper alignment with the barrel.
4. **Secure the Sights:** Use the provided screws or mounting hardware to securely attach the sights. Ensure they are tightened to prevent movement during use.
5. **Final Inspection:** Check the alignment and stability of the sights before using the firearm.

Usage

- To maximize visibility, ensure that the colored ring on the front sight is clearly visible.
- Use the Unotch shape on the rear sight to naturally guide your eyes to the front sight.
- Practice with the sights in various lighting conditions to become familiar with their performance.

Disposal Instructions

- Dispose of the product in accordance with local regulations for hazardous materials.
- Do not dispose of the product in regular household waste.
- Contact your local waste management facility for guidance on proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the HYPER BRIGHT FIXED PISTOL SET KIMBER MICRO, please refer to the manufacturer's website or contact the authorized dealer from whom you purchased the product.

Thank you for prioritizing safety while using the HYPER BRIGHT FIXED PISTOL SET KIMBER MICRO. Your responsible use contributes to a safer environment for all.
