

MEPRO FT BULLSEYE PISTOL REAR KAHR ARMS 9MM - MEPRO FT BULLSEYE PISTOL REAR KAHR ARMS 9MM /40S&W/45ACP POST 2004 R

[Handgun Parts](#) > [Sights](#) > [Sight Sets](#)

Runs on instinct. Runs at the speed of sight. The Mepro FT Bullseye™ sight is the fastest, brightest, and most intuitive tritium fiber optic sights we've ever built. This low-profile single-night-sight design is powered by fiber optics to master the day, while premium-grade tritium handles even the darkest blackout conditions. Aligning with a single central point of focus, the Mepro FT Bullseye™ has the feel of a red dot sight. These Meprolight® night sights are drop- and shockproof, built for endless rounds under heavy recoil, and make an excellent upgrade sight to pistols we service like Smith & Wesson, Springfield, IWI, Glock, and others. Its ultralight, snag-free design is easy to draw and gives you instinctive aiming under pressure.

Safety Instruction Guide for MEPRO FT Bullseye Pistol Rear Sight

Introduction

Thank you for choosing the MEPRO FT Bullseye Pistol Rear Sight. This product is designed to enhance your shooting experience with its intuitive design and advanced technology. However, it is essential to follow safety guidelines to ensure safe and effective use. This guide provides important safety instructions, installation guidelines, and contact information for further support.

General Safety Guidelines

- Always handle firearms and accessories with care and respect.
- Ensure that the firearm is unloaded before installing or adjusting the sight.
- Store the sight and firearm in a secure place, away from children and unauthorized users.
- Regularly inspect the sight for any signs of damage or wear.
- Use the sight only for its intended purpose and in accordance with the manufacturer's recommendations.
- Be aware of your surroundings and ensure a safe shooting environment.

Specific Safety Precautions for Use

- Ensure proper alignment of the sight with the firearm before use.
- Avoid using the sight in conditions where visibility is severely compromised.
- Do not modify or disassemble the sight, as this may affect its performance and safety.
- Use only compatible firearms as specified by the manufacturer.
- If you experience any issues with the sight, cease use immediately and consult a professional.

Instructions for Installation and Usage

Installation

1. **Prepare Your Firearm:** Ensure that your firearm is unloaded and pointed in a safe direction.
2. **Remove Existing Sight:** If applicable, carefully remove any existing rear sight using appropriate tools.
3. **Align the Mepro FT Bullseye:** Position the Mepro FT Bullseye sight in the rear sight dovetail.
4. **Secure the Sight:** Use the screws provided to secure the sight in place. Ensure it is tight but do not overtighten.
5. **Check Alignment:** Verify that the sight is aligned with the barrel of the firearm.

Usage

- **Aiming:** Use the central point of focus for instinctive aiming. The sight is designed to provide a clear and quick sight picture.
- **Practice:** Familiarize yourself with the sight by practicing in a controlled environment before using it in live situations.
- **Maintenance:** Regularly clean the sight and check the tritium and fiber optics for functionality.

Disposal Instructions

- Dispose of the sight in accordance with local regulations and environmental guidelines.
- Do not dispose of the sight in household waste.
- If the sight is damaged or no longer functional, contact a local waste management facility for proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the MEPRO FT Bullseye Pistol Rear Sight, please contact the manufacturer or your local retailer for assistance. Ensure you have your product details available for a more efficient support experience.

By adhering to these safety guidelines and instructions, you can ensure a safe and enjoyable experience with your MEPRO FT Bullseye Pistol Rear Sight. Thank you for your commitment to safety.
