

MEPRO FRBS FLIP BACKUP REAR&FRONT 4 DOT REAR/ORANGE HYPER BRIGHT FRONT BLACK

[Handgun Parts](#) > [Sights](#) > [Sight Sets](#)

This backup plan is always in sight. The Mepro FRBS is a tritium-enhanced set of sights – two or four smaller tritium vials, depending on the model, are firmly inserted on the large aperture side of the rear sight. The self-illuminated front and rear backup sights are designed to provide the shooter with secondary sights in case the primary optics go down. In addition, the Front Sight post elevation is easily adjusted without tools. Day or night, the tritium makes the Mepro FRBS a viable option. The Mepro FRBS is an advanced, dual aperture, durable and low-profile auxiliary tritium-enhanced set of backup sights. 4 tritium vials are firmly inserted in the rear sight, and one tritium vial is inserted in the front sight. In addition, the Mepro FRBS self-illuminated backup sights are designed to provide you with secondary sights if the primary optics go down. You can also use it as primary sight.

MEPRO FRBS Safety Instruction Guide

Introduction

Thank you for choosing the MEPRO FRBS. This guide provides essential safety instructions and guidelines for the proper use and maintenance of your backup sights. Please read this guide carefully to ensure safe and effective operation.

General Safety Guidelines

- Ensure the product is used only as intended and in accordance with this manual.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of damage or wear. Do not use if damaged.
- Store the product in a safe and dry place when not in use.
- Always follow local laws and regulations regarding the use of sights and firearms.

Specific Safety Precautions for Use

- Do not look directly at the tritium vials. They are designed for illumination, not for direct viewing.
- Ensure that the backup sights are securely mounted before use.
- Use the sights only in conditions for which they are designed (e.g., in low light or night conditions).
- Be aware of your surroundings and ensure a clear line of sight when using the sights.
- Always treat your firearm as if it is loaded and follow all firearm safety rules.

Instructions for Installation and Usage

Installation

1. Mounting the Sights:

- Ensure the firearm is unloaded before beginning installation.
- Use the appropriate tools to securely mount the rear and front sights onto the firearm.
- Verify that the sights are aligned properly and securely fastened.

2. Adjusting the Front Sight:

- Elevation of the front sight post can be adjusted without tools. Rotate the sight post to raise or lower it as needed.

Usage

• Using the Backup Sights:

- In case your primary optics fail, transition to the backup sights.
- Align the front sight with the rear sight for accurate targeting.
- The tritium vials will illuminate the sights for visibility in lowlight conditions.

• Maintenance:

- Regularly clean the sights with a soft, dry cloth to remove dust and debris.
- Avoid using harsh chemicals or solvents that may damage the sights.

Disposal Instructions

- Dispose of the product in accordance with local regulations regarding electronic waste and hazardous materials.
- Do not dispose of the product in regular household waste.
- Contact your local waste management authority for proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the MEPRO FRBS, please refer to the manufacturer's contact information provided with your purchase. Your safety is our priority, and we are here to assist you.

By following these guidelines, you can ensure safe and effective use of your MEPRO FRBS. Always prioritize safety and compliance with local laws when using this product. Thank you for choosing MEPRO.
