

Oryx Chassis - Sportsman - Remington700 - LA - RH - FDE

[Rifle Parts](#) > [Stock Parts](#) > [Rifle Stocks](#)

The rifle (system) and scope shown in the picture are not for sale and are not included. Only the chassis is included in the delivery.

Our ORYX Sportsman Chassis was designed to be the best aftermarket approach to shooting a precision rifle. The V-shaped bedding and free floated forend was engineered to improve accuracy and ergonomics. This solid aluminum chassis excels in performance over your factory stock to maximize your rifle's capabilities. When you get behind this chassis and take up a sight picture you will feel a more solid connection between you and your rifle. The adjustable buttstock allows you to tailor a much better fit for accuracy and speed when getting behind your scope. It takes AR15 grips, ARCA rails, M-Lok accessories and has customizable colors. It's designed as an excellent upgrade for shooting matches, hog or coyote hunting, or anyone interested in getting into long-range shooting.

Oryx Chassis Sportsman Remington700 LA RH FDE Safety Instructions

Introduction

Thank you for choosing the Oryx Chassis Sportsman Remington700 LA RH FDE. This product is designed to enhance your shooting experience by providing improved accuracy and ergonomics. To ensure your safety and the safety of others, please read and follow the safety guidelines outlined in this document.

General Safety Guidelines

- Always ensure that the rifle is unloaded before handling the chassis.
- Use the chassis only with compatible firearms as specified in the product description.
- Regularly inspect the chassis for any signs of wear or damage before use.
- Follow all local laws and regulations regarding firearm ownership and usage.
- Store the chassis in a secure location away from children and unauthorized users.
- Report any unsafe conditions or accidents involving the chassis to the appropriate authorities.

Specific Safety Precautions for Use

- Ensure that the adjustable buttstock is securely locked in place before use.
- Use only AR15 grips and accessories that are compatible with the chassis.
- Avoid using the chassis in adverse weather conditions that may affect its performance.
- Do not modify the chassis in any way that could compromise its integrity or safety.
- Always wear appropriate eye and ear protection when using the rifle equipped with this chassis.
- Be aware of your surroundings and ensure that your shooting area is clear of people and animals.

Instructions for Installation and Usage

1. Installation of the Chassis:

- Remove the factory stock from your Remington 700 rifle.
- Align the action of the rifle with the Vshaped bedding of the Oryx chassis.
- Secure the rifle action into the chassis using the provided screws. Ensure all screws are tightened to the manufacturer's specifications.
- Attach the adjustable buttstock to the rear of the chassis, ensuring it is locked in place.

2. Usage of the Chassis:

- Adjust the buttstock to fit your shoulder comfortably. This will help improve accuracy and speed when aiming.
- Attach any AR15 grips or MLoc accessories as needed for your shooting style.
- When ready to shoot, ensure you have a proper sight picture and maintain a firm grip on the chassis.
- After use, clean the chassis according to the manufacturer's recommendations to maintain its performance.

Disposal Instructions

- Dispose of the chassis responsibly in accordance with local regulations.
- If the chassis is damaged beyond repair, consider recycling the aluminum components where applicable.
- Do not dispose of the chassis in regular household waste.

Contact Information for Further Support

For any safety inquiries or concerns regarding the Oryx Chassis, please refer to the manufacturer's contact information provided with your purchase. It is important to have access to support for any issues that may arise during the use of this product.

Thank you for your attention to these safety instructions. Your safety and the safety of others is our top priority. Enjoy your shooting experience with the Oryx Chassis.
