The rifle (system) and scope shown in the picture are not for sale and are not included. Only the chassis is included in the delivery.

Our ORYX Sportsman Chassis was designed to be the best aftermarket approach to shooting a precision rifle. The V-shaped bedding and free floated forend was engineered to improve accuracy and ergonomics. This solid aluminum chassis excels in performance over your factory stock to maximize your rifle's capabilities. When you get behind this chassis and take up a sight picture you will feel a more solid connection between you and your rifle. The adjustable buttstock allows you to tailor a much better fit for accuracy and speed when getting behind your scope. It takes AR15 grips, ARCA rails, M-Lok accessories and has customizable colors. It's designed as an excellent upgrade for shooting matches, hog or coyote hunting, or anyone interested in getting into long-range shooting.

Oryx Chassis Safety Instruction Guide

Introduction

Thank you for choosing the Oryx Chassis Sportsman Patriot LA RH. This guide provides important safety information and instructions to ensure the safe and effective use of your chassis. Please read this guide carefully before using the product.

General Safety Guidelines

- Ensure that you are familiar with the operation of your precision rifle before using the Oryx Chassis.
- Always treat your rifle as if it is loaded. Keep the muzzle pointed in a safe direction at all times.
- Store the chassis and rifle in a secure location, out of reach of children and unauthorized users.
- Inspect the chassis and rifle before each use to ensure they are in safe working condition.
- Do not exceed the manufacturer's specifications for your rifle when using the chassis.
- Always wear appropriate safety gear, including eye and ear protection, when using firearms.
- Be aware of your surroundings and ensure a clear firing area before shooting.

Specific Safety Precautions for Use

- Do not modify or alter the chassis in any way that could compromise its structural integrity or safety.
- Ensure that any accessories or attachments used with the chassis are compatible and properly installed.
- Use only AR15 grips, ARCA rails, and MLoc accessories as specified for this chassis.
- Adjust the buttstock only when the rifle is not in use and pointed in a safe direction.
- Be cautious when adjusting the chassis to avoid pinching fingers or causing injury.
- If you experience any malfunctions or unusual behavior while using the chassis, cease use immediately and seek professional assistance.

Instructions for Installation and Usage

1. Installation of the Chassis

- Carefully remove the chassis from its packaging.
- Ensure that the rifle is unloaded and pointed in a safe direction.
- Follow the manufacturer's instructions for removing the factory stock from your rifle.
- Align the rifle's action with the Vshaped bedding of the chassis.
- Secure the rifle into the chassis according to the provided instructions, ensuring all screws and fasteners are tightened properly.

2. Adjusting the Buttstock

- To adjust the buttstock, ensure the rifle is pointed in a safe direction.
- Loosen the adjustment knob or lever.
- Slide the buttstock to the desired position for a comfortable fit.
- Tighten the adjustment knob or lever securely before use.

3. Using Accessories

- Attach AR15 grips, ARCA rails, and MLoc accessories as needed.
- Ensure all attachments are securely fastened and do not obstruct the operation of the rifle.

4. Sighting and Shooting

- Once the chassis is installed and adjusted, take a stable shooting position.

- Align your sight picture and ensure a solid connection between you and the rifle.
- Follow standard shooting practices and ensure a clear target area.

Disposal Instructions

- Dispose of the chassis responsibly at a local recycling facility or as per your local regulations.
- Do not dispose of the chassis in regular household waste.
- Ensure that any components that may be hazardous are disposed of according to local guidelines.

Contact Information for Further Support
