

Timbr Chassis - Frontier - TIKKA - SA - RH - GMC

[Rifle Parts](#) > [Stock Parts](#) > [Rifle Stocks](#)

The MDT Timbr Frontier has been developed to provide the look and feel of a traditional stock while incorporating the precision and repeatability of the modern V-Block bedding from a chassis. The buttstock and forend are made of Birch hardwood laminate giving every stock a unique wood grain and warm feel. They are then finished with a high-quality clearcoat and attached to the aluminum micro chassis and bottom metal.

This is a new generation of wood stocks with a fully tool-less adjustable Length of pull, cheek riser height and interchangeable rubber over-molded grips to fit you and your style of shooting. At just 4lb the Frontier allows you to use it for anything from hunting to target shooting with the ability to add accessories to the M-LOK forend and buttstock. The stock uses standard AICS pattern magazines and has an easy to manipulate ambidextrous magazine latch.

Safety Instruction Guide for Timbr Chassis Frontier

Introduction

Thank you for choosing the MDT Timbr Chassis Frontier. This guide provides important safety information and instructions for the proper use and maintenance of your product. Please read this guide carefully to ensure safe and effective use.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose as a rifle stock.
- Always handle firearms with care and respect, following all applicable laws and regulations.
- Keep the product out of reach of children and unauthorized users.
- Regularly inspect the chassis for any signs of wear or damage before each use.
- Report any unsafe products or incidents to the relevant authorities.
- Stay informed about product recalls and safety updates through the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Always wear appropriate safety gear when using firearms, including eye and ear protection.
- Ensure that the firearm is unloaded when attaching or detaching the chassis.
- Verify that the chassis is securely attached to the firearm before use.
- Do not modify the chassis or any of its components. Unauthorized modifications may compromise safety and performance.
- Be aware of your surroundings and ensure a safe shooting environment.
- Use only standard AICS pattern magazines with this chassis to prevent malfunctions.

Instructions for Installation and Usage

Installation

1. Prepare the Firearm

- Ensure the firearm is unloaded and pointed in a safe direction.

2. Remove the Existing Stock

- Use the appropriate tools to detach the existing stock from the firearm.

3. Attach the Chassis

- Align the MDT Timbr Chassis with the firearm's action.
- Securely fasten the chassis to the firearm using the provided screws. Ensure that it is tightly fitted.

4. Adjust the Length of Pull and Cheek Riser

- Adjust the length of pull and cheek riser height to fit your body size and shooting style without the need for tools.

5. Attach Accessories

- If desired, attach accessories to the MLOK forend and buttstock as per your requirements.

Usage

- Always ensure that the firearm is in a safe condition before handling.
- Familiarize yourself with the adjustments on the chassis for optimal comfort and performance.
- Practice safe shooting habits and adhere to all local laws and regulations.

Disposal Instructions

- Dispose of the product in accordance with local regulations.
- If the chassis is damaged beyond repair, contact local waste management for proper disposal methods.
- Do not dispose of the product in regular household waste.

Contact Information for Further Support

For any safety inquiries or support related to the Timbr Chassis Frontier, please reach out to your local distributor or manufacturer representative. They will assist you with any questions or concerns you may have.

This safety instruction guide is designed to help you use the MDT Timbr Chassis Frontier safely and effectively. By following these guidelines, you can ensure a positive experience with your product. Thank you for your attention to these important safety measures.
