X-10 Pistol Bullet Collator

Increase your X-10 Progressive Press round output by adding the X-10 Pistol Bullet Collator. The collator assembly easily mounts to the X-10 Progressive Press with no additional modifications required. It features an automatic on/off switch and adjustable speed for reliable and consistent bullet feeding. Paired with one of the required Bullet Feed Caliber Conversion Kits, the Pistol Bullet Collator feeds bullets for 9mm Luger, .38 Super, .40S&W, and .45ACP.

X10 Pistol Bullet Collator Safety Instructions

Introduction

Thank you for choosing the X10 Pistol Bullet Collator. This guide provides essential safety instructions to ensure the safe and effective use of your product. Please read these instructions carefully before using the collator.

General Safety Guidelines

- Ensure that the X10 Pistol Bullet Collator is used only for its intended purpose.
- Always follow the manufacturer's instructions for installation and operation.
- Keep the collator out of reach of children and vulnerable individuals.
- Regularly inspect the collator for any signs of damage or wear.
- If you notice any irregularities in operation, discontinue use immediately and seek assistance.
- Report any unsafe products or accidents to the appropriate authorities.
- Stay informed about product recalls by checking the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Always use the collator with the appropriate Bullet Feed Caliber Conversion Kits.
- Do not overload the collator beyond its specified capacity.
- Avoid wearing loose clothing or jewelry that may become entangled in the machine.
- Ensure that the work area is clean and free from any obstructions before using the collator.
- Do not attempt to modify or repair the collator yourself. Contact a qualified technician for assistance.
- Always disconnect the power supply when performing maintenance or cleaning.

Instructions for Installation and Usage

Installation

1. Unpack the X10 Pistol Bullet Collator and ensure all components are present.
2. Locate the mounting points on the X10 Progressive Press.
3. Align the collator assembly with the mounting points and secure it in place without additional modifications.
4. Ensure all connections are secure and that the collator is stable before proceeding.

Usage

1. Connect the collator to a suitable power source.
2. Adjust the speed settings according to your preference for bullet feeding.
3. Load the appropriate Bullet Feed Caliber Conversion Kit into the collator.
4. Start the collator using the automatic on/off switch.
5. Monitor the feeding process to ensure smooth operation and address any issues immediately.

Disposal Instructions

- Dispose of the X10 Pistol Bullet Collator in accordance with local regulations.
- Do not dispose of electrical components in regular household waste.
- Consider recycling options for materials that can be reused.

Contact Information for Further Support

For any questions or concerns regarding the X10 Pistol Bullet Collator, please refer to the manufacturer's website or contact their customer service for assistance.

Thank you for prioritizing safety while using the X10 Pistol Bullet Collator. Your adherence to these guidelines helps ensure a safe and enjoyable experience.
