

Chassis - HNT 26 - Howa 1500 - SA - RH - Fixed - Non ARCA - BCF

[Rifle Parts](#) > [Stock Parts](#) > [Rifle Stocks](#)

DESIGNED FOR THE HUNT

MDT's first purpose-built hunting chassis. Made with lightweight carbon fiber, with folding stock and ARCA forend options.

WHEN POUNDS EQUAL PAIN

Manufactured using magnesium and carbon fiber, two of the highest quality, and most lightweight materials around. The HNT26 Chassis total package weights in starting at just 26oz, with the folding and ARCA options going up to approx. 31oz.

COMFORTABLE REGARDLESS OF WEATHER

Carbon fiber touch points on the HNT26 Chassis System not only help with weight savings, but also remove the "cold to the touch" feeling that can be associated with some metal materials in extreme conditions.

DESIGNED TO BE SNAG-FREE

The HNT26 rifle stock has been designed to drastically diminish snag points. From its smoother, less aggressive shape to the seamless integration of the magazine latch into the trigger guard, every part of this chassis system was truly designed with the hunter in mind.

1. Warm to the touch with lightweight carbon
2. Enclosed forend with M-LOK slots at 3, 6, 9 and 12 o'clock
3. Low profile mag latch integrated into the trigger guard
4. Adjustable cheek riser for better fitment
5. AICS Magazine compatible
6. Lightweight carbon fiber pistol grip (included)
7. QD Flush cups front and rear on both sides
8. Snag-free design for bushwhacking in the field

MDT Chassis HNT 26 Howa 1500 Safety Instruction Guide

Introduction

Thank you for choosing the MDT Chassis HNT 26 for your Howa 1500 rifle. This product is designed with safety, comfort, and performance in mind. Please read this safety instruction guide thoroughly to ensure safe and effective use of your MDT Chassis.

General Safety Guidelines

- Always ensure that the rifle is unloaded before handling or installing the chassis.
- Use the chassis only with compatible firearms as specified in the product details.
- Keep the chassis and firearm out of reach of children and unauthorized users.
- Regularly inspect the chassis for any signs of wear or damage before use.
- Follow all local laws and regulations regarding firearm use and ownership.
- Be aware of your surroundings while using the chassis to ensure safe handling.

Specific Safety Precautions for Use

- Ensure that the folding stock is properly locked in place before firing.
- Avoid using the chassis in extreme weather conditions that may affect its performance.
- Do not attempt to modify the chassis in any way, as this may compromise its safety and functionality.
- Use only approved magazines compatible with the AICS standard to prevent malfunctions.
- Always wear appropriate safety gear, including eye protection, when using firearms.

Instructions for Installation and Usage

1. Installation:

- Ensure the rifle is unloaded and safe.
- Remove the existing stock from the Howa 1500 rifle.
- Align the MDT Chassis with the rifle action and secure it using the provided screws.
- Tighten the screws evenly to ensure a secure fit without overtightening.

2. Usage:

- Adjust the cheek riser to a comfortable height for your shooting position.
- Check that the magazine latch is functioning properly before use.
- Familiarize yourself with the QD flush cups for mounting accessories as needed.
- When in the field, ensure the chassis is clean and free of debris to maintain optimal performance.

Disposal Instructions

- Dispose of the MDT Chassis in accordance with local regulations regarding electronic and composite materials.
- Do not dispose of the chassis in regular household waste.
- Consider recycling options for carbon fiber and magnesium components where available.

Contact Information for Further Support

For any inquiries or concerns regarding the MDT Chassis HNT 26, please refer to the official MDT website or

contact your local dealer for assistance.

By following these guidelines, you can ensure a safe and enjoyable experience with your MDT Chassis HNT 26.
Thank you for prioritizing safety and responsible usage.
