

Full Length Die 7/8 - Full Length Die 6mm BR Norma

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The FL dies is used to size the cartridge case on full length. In addition to a removable expander our FL dies have an integrated primer ejector pin. All used spindles, the expander and ejector pin can be replaced easily if necessary, with just little effort.

Calibration takes place when the cartridge case is pushed into the die. The neck of the case is calibrated from the inside when it is moved out of the die. This will form the cartridge case and achieves a correct neck tension.

The correct position of the die in the press is set with the lock nut. All relevant components have an article number for easy reordering if necessary. You will find further instructions and assistance in selecting accessories and spare parts in the manual.

Full Length Die 7/8 & Full Length Die 6mm BR Norma Safety Instructions

Introduction

Thank you for choosing the Full Length Die 7/8 & Full Length Die 6mm BR Norma. This product is designed for resizing cartridge cases and ensuring optimal neck tension. To ensure safe and effective use of this product, please follow the safety guidelines and instructions outlined in this manual.

General Safety Guidelines

- Always read and understand the instructions before using the die.
- Ensure that the die is compatible with your reloading equipment.
- Keep the die and all components out of reach of children and vulnerable individuals.
- Inspect the die for any damage or wear before each use.
- Use the die only for its intended purpose as described in this manual.
- Report any unsafe conditions or incidents to the relevant authorities.

Specific Safety Precautions for Use

- Wear appropriate safety gear, including eye protection, when using the die.
- Ensure that the work area is clean and free from obstructions.
- Do not exceed the recommended specifications for cartridge case resizing.
- Handle the die with care to avoid injury from sharp edges.
- Always follow the manufacturer's guidelines for installation and usage.
- If you experience any difficulties or malfunctions, stop using the die immediately and seek assistance.

Instructions for Installation and Usage

1. Installation

- Ensure the reloading press is securely mounted and stable.
- Insert the Full Length Die into the reloading press and tighten using the lock nut to secure its position.
- Ensure that the die is properly aligned with the press for effective operation.

2. Usage

- Place the cartridge case into the shell holder of the press.
- Pull the handle of the press to push the cartridge case into the die.
- The neck of the case will be calibrated from the inside as it exits the die.
- Check the neck tension to ensure it meets your specifications.
- If necessary, replace the expander or ejector pin with minimal effort.

Disposal Instructions

- Dispose of any damaged or worn components in accordance with local regulations.
- Do not dispose of the die in regular household waste.
- Check with local recycling centers for proper disposal methods of metal components.

Contact Information for Further Support

For any safety inquiries or assistance regarding the Full Length Die 7/8 & Full Length Die 6mm BR Norma, please refer to the manufacturer's contact information provided on the product packaging or in the accompanying manual.

By following these guidelines, you can ensure a safe and effective experience when using the Full Length Die 7/8 & Full Length Die 6mm BR Norma. Thank you for your attention to safety.
