

Full Length Die 7/8 - Full Length Die 6,5x54 M-Sch

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The FL dies is used to size the cartridge case on full length. In addition to a removable expander our FL dies have an integrated primer ejector pin. All used spindles, the expander and ejector pin can be replaced easily if necessary, with just little effort.

Calibration takes place when the cartridge case is pushed into the die. The neck of the case is calibrated from the inside when it is moved out of the die. This will form the cartridge case and achieves a correct neck tension.

The correct position of the die in the press is set with the lock nut. All relevant components have an article number for easy reordering if necessary. You will find further instructions and assistance in selecting accessories and spare parts in the manual.

Full Length Die 7/8 Full Length Die 6,5x54 MSch Safety Instruction Guide

Introduction

Thank you for choosing the Full Length Die 7/8 Full Length Die 6,5x54 MSch. This product is designed for sizing cartridge cases safely and effectively. Please read this safety instruction guide carefully to ensure safe handling, installation, and use of the die. This guide complies with the EU General Product Safety Regulation (GPSR) to help protect consumers.

General Safety Guidelines

- Ensure safe use of the die by following all instructions and safety measures.
- Be aware of potential hazards associated with reloading equipment.
- Always keep the die and all related equipment out of reach of children and vulnerable individuals.
- Regularly check for updates on product recalls and safety information through the EU Safety Gate platform.
- Report any unsafe products or accidents to the relevant authorities.

Specific Safety Precautions for Use

- Always wear appropriate eye protection when using the die to avoid injury from debris.
- Ensure that the die is securely mounted in the press before use.
- Do not exceed the recommended specifications when resizing cartridge cases.
- Handle the die with care to prevent damage and ensure accurate performance.
- Keep work areas clean and organized to reduce the risk of accidents.
- Avoid using the die if it appears damaged or worn. Inspect regularly for wear and tear.
- Store the die in a dry, safe place when not in use to prevent rust and damage.

Instructions for Installation and Usage

1. Installation:

- Ensure that the reloading press is turned off and unplugged before installation.
- Securely attach the Full Length Die to the reloading press using the provided lock nut.
- Adjust the die to the correct height according to the specific cartridge case being used.

2. Calibration:

- Insert the cartridge case into the die.
- Push the case into the die to calibrate it. The neck will be calibrated from the inside as it exits the die.
- Ensure that the die is correctly positioned in the press for optimal performance.

3. Replacing Components:

- If necessary, replace the expander and ejector pin with minimal effort. Follow the manufacturer's instructions for replacement.

4. Safety Check:

- Before starting the reloading process, doublecheck that all components are securely in place and functioning properly.

5. Usage:

- Follow standard reloading procedures and guidelines when using the die.
- Pay attention to the neck tension achieved during the resizing process to ensure safety and accuracy.

Disposal Instructions

- Dispose of the Full Length Die and any worn or damaged components in accordance with local regulations.
- Do not dispose of the die in regular household waste. Check with local authorities for proper disposal methods to minimize environmental impact.

Contact Information for Further Support

For further assistance or inquiries regarding the Full Length Die 7/8 Full Length Die 6,5x54 MSch, please refer to the manufacturer's contact details provided in the product manual or packaging. Always keep the manual accessible for future reference.

By following these guidelines, you can ensure safe and effective use of the Full Length Die. Thank you for prioritizing safety in your reloading activities.
