

Seater with Crimp 7/8 - Seater with Crimp 7mm BR Rem

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Bullet Seater with crimp (Seat)

Our standard bullet seater guides the bullet in an exact guide bushing. This ensures good accuracy.

The Bullet Seater is the solid choice for quickly seating the bullet.

As standard, the Bullet Seater offers the option to crimp the mouth of the cartridge case. This means that you can work with or without a crimp.

The seater-head can be easily replaced to another type. We offer various types of seater-heads.

Choosing the correct seater head for the bullet used often improves concentricity significantly.

You will find further instructions and assistance in selecting accessories and spare parts in the manual.

Safety Instruction Guide for Seater with Crimp 7/8

Introduction

Thank you for choosing the Seater with Crimp 7/8. This product is designed to provide accurate bullet seating with the option to crimp the cartridge case. To ensure safe and effective use, please read this safety instruction guide carefully. It contains important information regarding product safety, usage, and maintenance.

General Safety Guidelines

- Ensure that the product is used in accordance with the manufacturer's instructions.
- Always handle the product with care to prevent injury.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for signs of wear or damage.
- Report any unsafe products or accidents to the relevant authorities.
- Check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Use the Seater with Crimp only for its intended purpose.
- Do not exceed the recommended specifications for the product.
- Ensure that the bullet and cartridge case are compatible with the seater.
- Always wear appropriate safety gear, such as safety glasses, when using the product.
- Avoid distractions while using the product to maintain focus and safety.
- If you experience any difficulties or uncertainties during use, stop and consult the manual or seek assistance.

Instructions for Installation and Usage

Installation

1. **Preparation:** Ensure that your workspace is clean and free from clutter.
2. **Seater Head Replacement:** If you need to replace the seater head:
 - Loosen the screw on the seater head.
 - Remove the existing head and replace it with the desired type.
 - Tighten the screw securely.
3. **Threading:** Attach the Seater with Crimp to your reloading press using the 7/8 thread.
4. **Adjustment:** Adjust the seating depth according to your specifications.

Usage

1. **Loading the Cartridge:**
 - Place the cartridge case in the appropriate position on the press.
 - Insert the bullet into the case mouth.
2. **Seating the Bullet:**
 - Pull the handle of the press to seat the bullet.
 - Monitor the depth to ensure it meets your requirements.
3. **Crimping (if applicable):**
 - If crimping is desired, adjust the crimping feature as per the manual.
 - Ensure that the crimp is applied evenly and securely.

Disposal Instructions

- Dispose of any unused or damaged components in accordance with local regulations.
- Do not dispose of the product in household waste.
- Check with local waste management authorities for proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the Seater with Crimp 7/8, please refer to the manufacturer's contact information provided in the product manual. Always ensure that you have the latest information and support for safe usage.

Thank you for your attention to these safety instructions. Enjoy your reloading experience with the Seater with Crimp 7/8.
