

Full Length Die 1 1/4 - Full Length Die 7mm-08 Rem

The FL dies is used to size the cartridge case on full length. In addition to a removable expander our FL dies have an integrated primer ejector pin. All used spindles, the expander and ejector pin can be replaced easily if necessary, with just little effort.

Calibration takes place when the cartridge case is pushed into the die. The neck of the case is calibrated from the inside when it is moved out of the die. This will form the cartridge case and achieves a correct neck tension.

The correct position of the die in the press is set with the lock nut. All relevant components have an article number for easy reordering if necessary. You will find further instructions and assistance in selecting accessories and spare parts in the manual.

Full Length Die 1 1/4 Full Length Die 7mm08 Rem Safety Instruction Guide

Introduction

Thank you for choosing the Full Length Die 1 1/4 Full Length Die 7mm08 Rem. This guide provides essential safety instructions and information to ensure the safe and effective use of this product. Please read this guide carefully before using the die to avoid any hazards and ensure optimal performance.

General Safety Guidelines

- **Product Safety:** This die is designed for safe use in reloading ammunition. Ensure that you follow all safety precautions to prevent accidents.
- **Enhanced Recalls:** In the event of a safety issue, you will be notified through standardized recall notices. Always check for updates on the product's safety status.
- **Online Shopping:** When purchasing online, ensure that the seller meets the necessary safety requirements.
- **Special Consumer Focus:** This product is not intended for use by children. Always keep it out of reach of minors.
- **EU Contact Point:** For any safety inquiries, please refer to the contact information provided by the seller or manufacturer.
- **Rapid Alerts:** Stay informed about product safety updates through the EU's Safety Gate platform.

Specific Safety Precautions for Use

- **Read the Manual:** Always read the provided manual before using the die.
- **Use Protective Gear:** Wear safety glasses and gloves when handling the die and during the reloading process.
- **Inspect the Die:** Before each use, inspect the die for any signs of wear or damage. Do not use if damaged.
- **Proper Calibration:** Ensure the die is calibrated correctly before use to avoid improper sizing of cartridge cases.
- **Safe Handling:** Always handle the die with care. Avoid dropping or mishandling to prevent damage.
- **Keep Workspace Clean:** Maintain a clean and organized workspace to minimize the risk of accidents.

Instructions for Installation and Usage

- **Installation:**
 1. Ensure the reloading press is turned off and unplugged.
 2. Securely attach the die to the reloading press using the lock nut to set the correct position.
 3. Check that the expander and ejector pin are properly installed and functional.
- **Usage:**
 1. Insert the cartridge case into the die.
 2. Slowly push the cartridge case into the die to calibrate the neck from the inside.
 3. Remove the cartridge case after sizing and check for proper neck tension.
 4. If necessary, replace any worn components such as the expander or ejector pin.

Disposal Instructions

- Dispose of the die in accordance with local regulations.
- Do not dispose of the die in regular household waste.
- Contact local waste management authorities for guidance on proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the product, please refer to the contact information provided by the seller or manufacturer. Always ensure you have the latest information regarding safety and support.

By following these safety instructions, you can ensure a safe and effective experience with the Full Length Die 1 1/4 Full Length Die 7mm08 Rem. Thank you for your attention to these important guidelines.
