Ranger Point Precision added another inspired option to our industry leading lineup of lever action rifle furniture sets. We sat down with our friend PewView (Nick Johnson), whose extraordinary shooting skills have propelled him to the forefront of the competition and exhibition scenes. With Nick's input we designed a handguard whose bold, unique aesthetic belies its elegantly simple functionality. Shooters in the modern style will find everything they want and nothing they don't want. Perfect in the hands. Fiery in the imagination. All about the hits.

- Designed in collaboration with top shooter [PewView](#) (Nick Johnson).
- Made to accommodate the modern "thumb over" offhand style.
- Allows for flexible optic and accessory mounting without sacrificing comfort.
- A new aesthetic as slick and bold as PewView's shooting style.
- Built on RPP's class defining, time tested Gen II platform.
- 100% 6061 Type III hard anodized aluminum, designed, manufactured and coated in the State of Texas USA.
- Handguard sold as a 3-piece set only to include: Handguard 13.25" long + heat shield + 1" long picatinny rail

Pewview Rossi 95 Large Rifle Receiver Rail Safety Instructions

Introduction

Thank you for choosing the Pewview Rossi 95 Large Rifle Receiver Rail. This product is designed to enhance your shooting experience while ensuring safety and functionality. Please read this safety instruction guide carefully to understand how to use, install, and dispose of your product safely.

General Safety Guidelines

- Always handle firearms and related accessories with care.
- Ensure that the firearm is unloaded before attaching or detaching any accessories.
- Keep the product out of reach of children and unauthorized users.
- Regularly inspect the product for any signs of wear or damage before use.
- Follow all local laws and regulations regarding firearm accessories.
- In case of any malfunction or irregularity, cease use immediately and consult a qualified technician.

Specific Safety Precautions for Use

- This product is designed for use with specific calibers: 4570, 3030, 3855, 360, 410, and 444. Ensure compatibility before use.
- Use only the recommended mounting hardware provided with the product.
- Avoid using the product in extreme weather conditions, as this may affect performance.
- Do not modify the product in any way, as this may compromise safety and functionality.
- Ensure that all optics and accessories are securely mounted to prevent accidents.

Instructions for Installation and Usage

1. Installation

- Ensure that the firearm is unloaded and pointed in a safe direction.
- Place the Pewview Rossi 95 Receiver Rail on the designated mounting area of the rifle.
- Align the rail with the mounting holes, ensuring proper fit.
- Use the provided screws to secure the rail in place, tightening them firmly but not excessively to avoid damage.
- Attach any optics or accessories as needed, following the manufacturer's instructions for those products.

2. Usage

- Hold the rifle using the modern "thumb over" offhand style for optimal control.
- Adjust the position of your optics and accessories for comfort and visibility.
- Regularly check the tightness of the rail and accessories during use to ensure safety.
- Practice safe shooting habits and follow all firearm safety protocols.

Disposal Instructions

- Dispose of the product in accordance with local regulations regarding aluminum and firearm accessories.
- Do not dispose of the product in regular household waste.
- Consider recycling the aluminum components if local services are available.

Contact Information for Further Support

For safety inquiries or additional support regarding the Pewview Rossi 95 Receiver Rail, please refer to the appropriate contact point in your region. Ensure you have the product details on hand for efficient assistance.

By following these safety instructions, you can enjoy your Pewview Rossi 95 Large Rifle Receiver Rail while prioritizing safety and compliance with the EU General Product Safety Regulation. Thank you for your attention to these important guidelines.
