Ranger Point Precision added another inspired option to our industry leading lineup of lever action rifle furniture sets. We sat down with our friend PewView (Nick Johnson), whose extraordinary shooting skills have propelled him to the forefront of the competition and exhibition scenes. With Nick's input we designed a handguard whose bold, unique aesthetic belies its elegantly simple functionality. Shooters in the modern style will find everything they want and nothing they don't want. Perfect in the hands. Fiery in the imagination. All about the hits.

- Designed in collaboration with top shooter [PewView](#) (Nick Johnson).
- Made to accommodate the modern "thumb over" offhand style.
- Allows for flexible optic and accessory mounting without sacrificing comfort.
- A new aesthetic as slick and bold as PewView's shooting style.
- Built on RPP's class defining, time tested Gen II platform.
- 100% 6061 Type III hard anodized aluminum, designed, manufactured and coated in the State of Texas USA.
- Handguard sold as a 3-piece set only to include: Handguard 13.25" long + heat shield + 1" long picatinny rail

Pewview Marlin Rifle Caliber Rail System (End Cap) Safety Instructions

Introduction

Thank you for choosing the Pewview Marlin Rifle Caliber Rail System (End Cap). This product is designed to enhance your lever action rifle experience while ensuring safety during use. Please read this safety instruction guide carefully to understand how to use the product safely and effectively, in compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Ensure that the product is used only for its intended purpose as described in the product specifications.
- Always handle firearms and accessories with care and follow all local laws and regulations regarding firearm usage.
- Keep the product out of reach of children and unauthorized users.
- Regularly inspect the product for any signs of wear or damage before use.
- Report any unsafe products or accidents to the relevant authorities immediately.
- Stay informed about product recalls and safety alerts through the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Always ensure that the firearm is unloaded before installing or adjusting the rail system.
- Use only compatible optics and accessories that meet the specifications of the Pewview Marlin Rifle Caliber Rail System.
- Do not exceed the manufacturer's recommended weight limits for mounted accessories.
- Ensure that all mounting screws and components are securely fastened before use.
- Avoid using the product in extreme environmental conditions that may affect its performance.
- If you experience any issues with the product, discontinue use immediately and seek assistance.

Instructions for Installation and Usage

1. Installation of the Handguard

- Ensure the firearm is unloaded and pointed in a safe direction.
- Remove the existing handguard if applicable, following the manufacturer's instructions.
- Align the Pewview handguard with the rifle receiver and slide it into place.
- Secure the handguard using the provided mounting screws. Ensure they are tightened to the recommended torque specifications.

2. Installation of the Heat Shield

- Place the heat shield onto the handguard, ensuring it fits snugly against the handguard surface.
- Secure the heat shield in place using the provided screws.

3. Mounting the Picatinny Rail

- Select the desired location on the handguard for the picatinny rail.
- Align the rail with the mounting holes and secure it using the provided screws.
- Ensure that the rail is firmly attached and does not move.

4. Using the Rail System

- Attach your chosen optics or accessories to the picatinny rail.
- Ensure all attachments are securely fastened before use.
- Practice safe handling and shooting techniques when using the firearm.

Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not dispose of the product in regular household waste.
- Contact your local waste management facility for proper disposal methods for aluminum and other materials.

Contact Information for Further Support

For any inquiries regarding safety or product support, please reach out to the designated contact point provided with your product packaging or documentation.
