

## Marlin Lever Quick Takedown Screws - 25 PACK YOUR LOGO: Marlin Lever Quick Takedown Screws (black nitride coated)

Oversize, lever-action stainless steel tool-less, quick takedown screws allow for easy lever removal for a thorough cleaning or issues in the field.

- Easy to swap out standard levers for larger loop levers for gloved hands or cowboy action shooting
- Large diameter, sixpoint star provides a non-slip grasp during installation and removal.
- Replaces the original, factory lever screw without alteration.
- Made of stainless steel with a salt bath black nitride coating.

# Marlin Lever Quick Takedown Screws Safety Instructions

## Introduction

Thank you for choosing the Marlin Lever Quick Takedown Screws. This product is designed to enhance the functionality of your leveraction firearm by providing a toolless, quick takedown solution. To ensure your safety and the proper use of this product, please read and follow these safety instructions carefully.

## General Safety Guidelines

- Ensure that all safety measures are observed when handling firearms and related accessories.
- Always keep this product out of reach of children and unauthorized users.
- Regularly inspect the screws for any signs of wear or damage before use.
- If you experience any issues, discontinue use immediately and seek assistance.

## Specific Safety Precautions for Use

- Always ensure the firearm is unloaded before installing or removing the takedown screws.
- Use appropriate tools as specified for installation; do not force any components.
- Avoid using excessive force during installation and removal to prevent stripping the screw or damaging the firearm.
- Do not attempt to modify the screws or the firearm in any way that could compromise safety.
- If you are unfamiliar with firearm maintenance or installation procedures, consult a qualified gunsmith.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Gather necessary tools, including a compatible screwdriver.

### 2. Installation:

- Remove the original lever screw using the appropriate screwdriver.
- Align the Marlin Lever Quick Takedown Screw with the lever mechanism.
- Insert the screw and turn clockwise until it is snug. Do not overtighten.
- Check the lever for secure attachment before use.

### 3. Usage:

- To remove the lever, simply turn the takedown screw counterclockwise until it is free.
- Store the takedown screw in a safe place when not in use.

### 4. Maintenance:

- Regularly check the screws for tightness and signs of wear.
- Clean the screws with a soft cloth and ensure they are free from debris.

## Disposal Instructions

- Dispose of any damaged or worn screws responsibly, following local regulations for metal recycling.
- Do not dispose of screws in regular household waste.

## **Contact Information for Further Support**

For any questions or concerns regarding the Marlin Lever Quick Takedown Screws, please contact the manufacturer or your retailer for assistance.

By following these guidelines, you can ensure a safe and effective experience with your Marlin Lever Quick Takedown Screws. Thank you for your attention to safety and proper usage.
