

# Muzzle Brake - MDT Accessories - Muzzle Brake - Hunt - Standard - .30cal - 5/8in-24

[Rifle Parts](#) > [Muzzle Devices](#) > [Compensators & Muzzle Brakes](#)

The MDT Hunt Brake was built for one purpose: to tame recoil on the world's lightest precision rifles.

Whether you're hauling your rifle 10,000 feet into the Rockies or fine-tuning an NRL Hunter setup to shave every ounce, this 1.7 oz, ultra-light, self-timing muzzle brake delivers a massive reduction in recoil — without adding unnecessary bulk.

Featherweight Power: At just 1.7 oz ( $\approx$ 48 g), the Hunt Brake keeps your rifle perfectly balanced with minimal forward weight — no drag, no bulk, no snagging in your pack.

Titanium Build, Matte Finish: Durable, corrosion-resistant, and visually low-profile — ready for any terrain.

Self-Timing Design: Quick and precise installation with perfect alignment every time — no shims or gunsmithing required.

Precision Port Geometry: Custom-angled ports control muzzle rise for faster follow-up shots and better impact spotting — even with magnum cartridges.

Recoil Reduction up to 80%: Transforms even the hardest-kicking hunting rifles into smooth, controllable precision tools.

Ideal For Hunters and competitive shooters who demand maximum performance with minimum weight. Perfect for mountain hunts, backcountry pursuits, and lightweight NRL setups where every gram and every second counts.

# MDT Muzzle Brake Safety Instruction Guide

## Introduction

Thank you for choosing the MDT Muzzle Brake. This guide provides essential safety instructions and guidelines for the safe use, installation, and disposal of your product. It is crucial to follow these guidelines to ensure your safety and the safety of others.

## General Safety Guidelines

- Always read the product manual and safety instructions before use.
- Ensure that the MDT Muzzle Brake is compatible with your rifle and ammunition.
- Regularly inspect the muzzle brake for signs of wear or damage before each use.
- Store the muzzle brake in a safe and secure location, away from children and unauthorized users.
- Follow all local laws and regulations regarding firearm accessories and usage.

## Specific Safety Precautions for Use

- **Recoil Management:** The MDT Muzzle Brake is designed to reduce recoil significantly. However, ensure you are familiar with your rifle's handling characteristics.
- **Hearing Protection:** Always wear appropriate hearing protection when firing your rifle, as muzzle brakes can increase noise levels.
- **Eye Protection:** Use safety glasses to protect your eyes from debris and potential projectiles.
- **Shooting Environment:** Be aware of your surroundings and ensure a safe shooting environment. Confirm that the area is clear of people and obstacles before firing.
- **Age Restrictions:** This product is intended for use by adults. Ensure that minors are supervised by a responsible adult when handling firearms.

## Instructions for Installation and Usage

### Installation

1. **Preparation:** Ensure your rifle is unloaded and pointed in a safe direction.
2. **Remove Existing Muzzle Device:** If applicable, remove the existing muzzle device from your rifle.
3. **Clean Threads:** Clean the threads on the rifle's muzzle to ensure proper fit and alignment.
4. **Install MDT Muzzle Brake:**
  - Thread the MDT Muzzle Brake onto the rifle's muzzle by hand.
  - Use a torque wrench to tighten to the manufacturer's recommended specifications. Avoid overtightening.
5. **Check Alignment:** Ensure that the muzzle brake is aligned correctly for optimal performance.

### Usage

- When ready to shoot, assume a stable shooting position.
- Maintain a firm grip on your rifle and ensure that your finger is off the trigger until you are ready to fire.
- After firing, assess the performance of the muzzle brake and check for any signs of damage or misalignment.

## Disposal Instructions

- Dispose of the MDT Muzzle Brake in accordance with local regulations for metal waste.
- Ensure that the product is rendered unusable before disposal to prevent accidental use.
- Recycle materials where possible.

## **Contact Information for Further Support**

For any inquiries regarding the MDT Muzzle Brake, please contact the manufacturer or your retailer. They will provide assistance and any necessary support related to safety or product performance.

By following these guidelines, you can ensure a safe and enjoyable experience with your MDT Muzzle Brake. Always prioritize safety and be aware of your surroundings when using firearms.
