

Muzzle Brake - MDT Accessories - Muzzle Brake - Hunt - Magnum - .338- 5/8in-24

[Rifle Parts](#) > [Muzzle Devices](#) > [Compensators & Muzzle Brakes](#)

The MDT Hunt Brake was built for one purpose: to tame recoil on the world's lightest precision rifles.

Whether you're hauling your rifle 10,000 feet into the Rockies or fine-tuning an NRL Hunter setup to shave every ounce, this 1.7 oz, ultra-light, self-timing muzzle brake delivers a massive reduction in recoil — without adding unnecessary bulk.

Featherweight Power: At just 1.7 oz (≈48 g), the Hunt Brake keeps your rifle perfectly balanced with minimal forward weight — no drag, no bulk, no snagging in your pack.

Titanium Build, Matte Finish: Durable, corrosion-resistant, and visually low-profile — ready for any terrain.

Self-Timing Design: Quick and precise installation with perfect alignment every time — no shims or gunsmithing required.

Precision Port Geometry: Custom-angled ports control muzzle rise for faster follow-up shots and better impact spotting — even with magnum cartridges.

Recoil Reduction up to 80%: Transforms even the hardest-kicking hunting rifles into smooth, controllable precision tools.

Ideal For Hunters and competitive shooters who demand maximum performance with minimum weight. Perfect for mountain hunts, backcountry pursuits, and lightweight NRL setups where every gram and every second counts.

MDT Muzzle Brake Safety Instruction Guide

Introduction

Thank you for choosing the MDT Hunt Brake. This muzzle brake is designed to significantly reduce recoil on precision rifles, enhancing your shooting experience. This safety instruction guide provides essential information to ensure the safe use and installation of the product in compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Always handle firearms and accessories with care and respect.
- Ensure that the muzzle brake is compatible with your rifle's specifications.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the muzzle brake for any signs of wear or damage.
- Follow all local laws and regulations regarding firearm accessories.

Specific Safety Precautions for Use

- **Installation Precautions:**
 - Ensure the rifle is unloaded before installation.
 - Use appropriate tools to avoid damaging the muzzle brake or rifle.
- **Usage Precautions:**
 - Always wear safety glasses when firing your rifle.
 - Be aware of your surroundings and ensure a clear shooting area.
 - Do not exceed the recommended caliber specifications of the muzzle brake.
- **Maintenance Precautions:**
 - Regularly clean the muzzle brake to prevent buildup of debris.
 - Inspect for any loose parts or misalignment before use.

Instructions for Installation and Usage

1. Installation:

- Ensure your rifle is unloaded and pointed in a safe direction.
- Remove any existing muzzle device from the barrel.
- Clean the muzzle threads to ensure proper fit.
- Align the MDT Hunt Brake with the threads and handtighten it until snug.
- Ensure the brake is properly aligned; no shims or gunsmithing are required.
- Verify that the brake is securely attached before proceeding.

2. Usage:

- Load your rifle according to the manufacturer's instructions.
- Position yourself in a stable shooting stance.
- Aim at your target and ensure a clear line of sight.
- Fire the rifle and observe the reduction in recoil.
- After firing, check the muzzle brake for any signs of movement or damage.

Disposal Instructions

- Dispose of the MDT Hunt Brake in accordance with local regulations.
- Do not dispose of the product in regular household waste.
- Contact your local waste management facility for proper disposal methods.

Contact Information for Further Support

For any safety inquiries or concerns regarding the MDT Hunt Brake, please refer to the manufacturer's contact information, which can typically be found on the product packaging or the official website.

Thank you for following these safety guidelines. Your safety and enjoyment while using the MDT Hunt Brake are our top priorities.
