

Yggdrasil Tactical Tripod - FDE

[Shooting Accessories](#) > [Bipods, Monopods & Accessories](#) > [Bipods](#)

The Yggdrasil Tactical Tripod is a mission-adapted spin-off of the proven Yggdrasil Precision Tripod, developed at the request of European special forces units who had been operating the Precision model and provided direct field feedback.

Based on their operational experience, the requirement was clear: retain the extreme stability and height capability of the Yggdrasil platform while improving transportability, deployment flexibility, and visual integration in operational environments.

To meet these demands, the Tactical version incorporates an additional leg segment and a slightly reduced leg diameter, resulting in a shorter packed length and reduced overall weight. This makes the tripod easier to integrate into vehicle-based loadouts, rucksacks, and mission kits — without compromising structural integrity.

Despite its more compact configuration, the Yggdrasil Tactical Tripod maintains the exceptional rigidity and load-bearing capability the platform is known for. Stability under load remains uncompromised, even in uneven terrain and demanding field conditions. The proven heavy-duty leg-lock mechanism remains unchanged, ensuring rapid deployment, secure locking, and absolute reliability under operational stress. Originally available in black, the Tactical model is now also offered in FDE (Flat Dark Earth) - a finish introduced in response to operational requirements for improved visual compatibility with modern equipment and environments.

Built from real-world feedback and refined for professional end users, the Yggdrasil Tactical Tripod delivers uncompromising stability in a more mobile, mission-ready configuration.

Yggdrasil Tactical Tripod Safety Instructions

Introduction

Thank you for choosing the Yggdrasil Tactical Tripod. This guide provides essential safety instructions to ensure the safe use and maintenance of your tripod. Please read this document carefully before using the product.

General Safety Guidelines

- Ensure that the tripod is used only for its intended purpose.
- Always inspect the tripod for any signs of damage or wear before each use.
- Keep the tripod away from children and vulnerable individuals.
- Do not exceed the maximum load capacity of the tripod.
- Use the tripod only on stable and level surfaces to avoid tipping.
- Be aware of your surroundings when using the tripod, especially in outdoor environments.

Specific Safety Precautions for Use

- **Load Capacity:**
 - Ensure that the total weight placed on the tripod does not exceed the manufacturer's specified load limit.
- **Stability:**
 - Always extend the legs fully and lock them in place before use.
 - Avoid using the tripod in windy conditions or on uneven terrain.
- **Transport:**
 - When transporting the tripod, ensure that it is securely packed to prevent damage.
 - Avoid exposing the tripod to extreme temperatures or moisture during transport.
- **Maintenance:**
 - Regularly check the leglock mechanism to ensure it is functioning properly.
 - Clean the tripod with a soft, dry cloth. Avoid using harsh chemicals or abrasive materials.
- **Installation and Setup:**
 - Follow the installation instructions carefully to ensure proper setup.
 - Ensure that all components are securely attached before use.

Instructions for Installation and Usage

1. Unpacking:

- Carefully remove the tripod from its packaging.
- Inspect the tripod for any visible damage or missing parts.

2. Setup:

- Extend each leg of the tripod to the desired height.
- Lock each leg securely in place to ensure stability.

3. Mounting Equipment:

- Attach your equipment (e.g., camera, scope) to the tripod head using the appropriate mounting plate.
- Ensure that the equipment is securely fastened before use.

4. Adjusting Position:

- Adjust the angle and height of the tripod as needed for your specific use case.
- Always ensure that the tripod remains stable during adjustments.

5. Dismantling:

- After use, carefully remove your equipment from the tripod.
- Collapse the tripod legs and secure them for transport.

Disposal Instructions

At the end of the product's life cycle, please dispose of the Yggdrasil Tactical Tripod in accordance with local regulations. Do not dispose of the tripod in regular household waste. Instead, consider recycling or returning it to a designated collection point for proper disposal.

Contact Information for Further Support

For any questions or concerns regarding the Yggdrasil Tactical Tripod, please refer to the manufacturer's contact information provided with your product packaging. It is important to reach out to the manufacturer for any safety inquiries or product support.

Thank you for your attention to these safety guidelines. By following these instructions, you can ensure a safe and effective experience with your Yggdrasil Tactical Tripod.
