

Nylon Best Bore Brush, .270 Cal / 7mm 3-Pack

[Gun Cleaning & Chemicals](#) > [Brushes & Bore Snakes](#) > [Bore Brushes](#)

The Tipton Best Nylon Bore Brush is built for serious shooters who demand fast, effective, and safe barrel cleaning. Extra-stiff bristles cut through copper fouling, stubborn carbon, and residue to significantly reduce cleaning time. Unlike standard nylon brushes, the thick bristles resist breakdown from aggressive scrubbing and harsh cleaning solvents, delivering long-lasting performance.

Designed with a non-marring brass core, this brush is 100% safe for both rifle and pistol barrels. Available in 14 sizes from .17 caliber to .50 caliber, the Tipton Best Nylon Bore Brush provides superior cleaning power across a wide range of firearms. Sold in packs of three.

Safety Instruction Guide for Tipton Best Nylon Bore Brush

Introduction

Thank you for choosing the Tipton Best Nylon Bore Brush, .270 Cal / 7mm. This product is designed for serious shooters who require effective and safe barrel cleaning. Please read this safety instruction guide carefully to ensure safe usage and maintenance of the bore brush.

General Safety Guidelines

- Ensure the bore brush is used only for its intended purpose: cleaning firearm barrels.
- Always handle firearms with care and follow the manufacturer's safety instructions.
- Keep the bore brush out of reach of children and pets to prevent accidental injury.
- Regularly inspect the bore brush for wear or damage before each use. Do not use if damaged.
- Store the bore brush in a cool, dry place away from direct sunlight and moisture.

Specific Safety Precautions for Use

- Use protective eyewear when cleaning firearms to prevent injury from debris.
- Avoid aggressive scrubbing that may damage the brush or the firearm barrel.
- Do not use the bore brush with harsh cleaning solvents that are not recommended for nylon brushes.
- Ensure the firearm is unloaded and pointed in a safe direction before cleaning.
- Follow the cleaning instructions for your specific firearm to avoid any potential hazards.

Instructions for Installation and Usage

1. Preparation:

- Ensure that the firearm is completely unloaded and in a safe condition.
- Gather all necessary cleaning supplies, including the bore brush, cleaning solvent, and protective eyewear.

2. Using the Bore Brush:

- Attach the bore brush to a cleaning rod according to the manufacturer's instructions.
- Apply a suitable cleaning solvent to the brush if necessary.
- Insert the brush into the barrel from the chamber end (for rifles) or the muzzle end (for pistols).
- Use a smooth, steady motion to push the brush through the barrel. Avoid excessive force.
- Remove the brush and clean it after each use to maintain its effectiveness.

3. PostCleaning:

- Inspect the bore brush for any signs of wear or damage.
- Store the brush in its original packaging or a protective case.

Disposal Instructions

- Dispose of the bore brush according to local regulations for nonhazardous waste.
- Do not dispose of the bore brush in water bodies or landfills that do not accept plastic products.

Contact Information for Further Support

For any inquiries or concerns regarding the safety or performance of the Tipton Best Nylon Bore Brush, please refer to the manufacturer's contact details provided on the product packaging or visit the official website.

Conclusion

Following these safety instructions will help ensure a safe and effective cleaning experience with your Tipton Best Nylon Bore Brush. Always prioritize safety and proper handling of firearms during cleaning. Thank you for your attention to these guidelines.
