

# Nylon Best Bore Brush, .40-.416 Cal 3-Pack

[Gun Cleaning & Chemicals](#) > [Brushes & Bore Snakes](#) > [Bore Brushes](#)

The Tipton Best Nylon Bore Brush is built for serious shooters who demand fast, effective, and safe barrel cleaning. Extra-stiff bristles cut through copper fouling, stubborn carbon, and residue to significantly reduce cleaning time. Unlike standard nylon brushes, the thick bristles resist breakdown from aggressive scrubbing and harsh cleaning solvents, delivering long-lasting performance.

Designed with a non-marring brass core, this brush is 100% safe for both rifle and pistol barrels. Available in 14 sizes from .17 caliber to .50 caliber, the Tipton Best Nylon Bore Brush provides superior cleaning power across a wide range of firearms. Sold in packs of three.

# Safety Instruction Guide for Nylon Best Bore Brush, .40.416 Cal 3Pack

## Introduction

Thank you for choosing the Tipton Best Nylon Bore Brush, designed for effective barrel cleaning of firearms. This guide provides essential safety instructions to ensure the safe use of this product in compliance with the EU General Product Safety Regulation (GPSR). Please read all instructions carefully before using the bore brush.

## General Safety Guidelines

- Ensure safe use of the bore brush by following these guidelines:
  - Always handle firearms with care and follow the manufacturer's safety instructions.
  - Keep the bore brush out of reach of children and vulnerable individuals.
  - Use the bore brush only for its intended purpose: cleaning firearm barrels.
  - Inspect the bore brush before each use to ensure it is in good condition.
  - Do not use the bore brush if it shows signs of damage or wear.

## Specific Safety Precautions for Use

- To avoid potential hazards, please observe the following precautions:
  - Use protective eyewear and gloves when cleaning your firearm.
  - Ensure the firearm is unloaded before using the bore brush.
  - Avoid aggressive scrubbing that may damage the bore brush or firearm.
  - Do not use the bore brush with harsh cleaning solvents that may degrade the nylon bristles.
  - Store the bore brush in a safe, dry place when not in use to prevent damage.

## Instructions for Installation and Usage

- Follow these steps for proper installation and usage of the bore brush:

### 1. Preparation:

- Ensure your firearm is unloaded and pointed in a safe direction.
- Gather all necessary cleaning supplies, including the bore brush and cleaning solvent.

### 2. Using the Bore Brush:

- Attach the bore brush to a cleaning rod that is compatible with your firearm's caliber.
- Apply a small amount of cleaning solvent to the bristles of the bore brush.
- Insert the bore brush into the barrel and gently push it through, using a rotating motion.
- Pull the bore brush back through the barrel to remove fouling and residue.
- Repeat the process as needed until the barrel is clean.

### 3. PostUse:

- After cleaning, rinse the bore brush with water to remove any remaining solvent.
- Allow the bore brush to air dry completely before storing.
- Store the bore brush in its original packaging or a protective case.

## **Disposal Instructions**

- Proper disposal of the bore brush is important for environmental safety:
  - Dispose of the bore brush according to local waste disposal regulations.
  - If the bore brush is damaged or worn out, do not attempt to repair it; simply dispose of it responsibly.

## **Contact Information for Further Support**

- For any safety inquiries or additional support, please refer to the EU contact point designated for product safety concerns. Ensure you have your product information ready for reference.

Thank you for taking the time to read this safety instruction guide. By following these guidelines, you can ensure a safe and effective cleaning experience with your Tipton Best Nylon Bore Brush.
