

# Nylon Best Bore Brush, .45 Cal 3-Pack

[Gun Cleaning & Chemicals](#) > [Brushes & Bore Snakes](#) > [Bore Brushes](#)

The Tipton Best Nylon Bore Brush is built for serious shooters who demand fast, effective, and safe barrel cleaning. Extra-stiff bristles cut through copper fouling, stubborn carbon, and residue to significantly reduce cleaning time. Unlike standard nylon brushes, the thick bristles resist breakdown from aggressive scrubbing and harsh cleaning solvents, delivering long-lasting performance.

Designed with a non-marring brass core, this brush is 100% safe for both rifle and pistol barrels. Available in 14 sizes from .17 caliber to .50 caliber, the Tipton Best Nylon Bore Brush provides superior cleaning power across a wide range of firearms. Sold in packs of three.

# Safety Instruction Guide for the Tipton Best Nylon Bore Brush

## Introduction

Thank you for choosing the Tipton Best Nylon Bore Brush, .45 Cal. This product is designed for serious shooters who require efficient and safe barrel cleaning. To ensure a safe and effective experience with your bore brush, please read and follow these safety instructions carefully.

## General Safety Guidelines

- Ensure safe use of the product by adhering to these guidelines:
  - Always use the bore brush as intended.
  - Keep the product out of reach of children and vulnerable individuals.
  - Regularly inspect the bore brush for signs of wear or damage before use.
  - Follow all cleaning and maintenance instructions to avoid accidents.
  - Be aware of potential hazards associated with cleaning solvents and chemicals.

## Specific Safety Precautions for Use

- To avoid hazards while using the bore brush, please observe the following precautions:
  - Always wear protective eyewear when cleaning firearms to prevent debris from entering your eyes.
  - Use the bore brush only on cool barrels to prevent burns.
  - Do not apply excessive force when scrubbing to avoid damaging the barrel.
  - Ensure the firearm is unloaded and pointed in a safe direction before cleaning.
  - Use appropriate cleaning solvents that are compatible with nylon brushes and your firearm.

## Instructions for Installation and Usage

- Follow these steps for safe installation and usage of the bore brush:

### 1. Preparation:

- Ensure your firearm is unloaded and in a safe position.
- Gather your cleaning supplies, including the bore brush, cleaning rod, and compatible cleaning solvent.

### 2. Installation:

- Attach the bore brush to the cleaning rod securely.
- Ensure that the brush fits snugly to avoid detachment during use.

### 3. Usage:

- Apply a small amount of cleaning solvent to the bore brush.
- Insert the bore brush into the barrel and scrub gently back and forth.
- Avoid excessive pressure; let the bristles do the work.
- After cleaning, remove the brush and clean the barrel with a patch to remove debris and solvent.

### 4. PostUse:

- Clean and dry the bore brush after each use to maintain its performance.
- Store the bore brush in a dry place, away from direct sunlight and moisture.

## **Disposal Instructions**

- When the bore brush reaches the end of its useful life, dispose of it responsibly:
  - Check local regulations for disposal of cleaning products and materials.
  - Do not dispose of the bore brush in regular household waste if it contains hazardous materials.
  - Consider recycling options if available for nylon products.

## **Contact Information for Further Support**

- For safety inquiries or to report unsafe products, please reach out to the designated EU contact point for assistance.

## **Conclusion**

By following these safety instructions, you can ensure a safe and effective cleaning experience with the Tipton Best Nylon Bore Brush. Remember to stay informed about product recalls and safety updates through the EU's Safety Gate platform. Thank you for prioritizing safety while enjoying your shooting activities.
